Nonprofit Education Initiative – page 8
Dear Friends,

While “Introduction to the iPad” and various computer booster classes have been enormously popular here at the CSI Blaine County Campus over the past few months, I feel compelled to reflect on the archaic typewriter.

I like an old mechanical typewriter because it is a little herky-jerky, which, for me anyway, is reflective of the learning process. When we try an unfamiliar skill, explore a different idea, or start a new project, it often happens in fits-and-starts. We hunt and peck for the right keys; there are awkward pauses and tentative “pings.” But when the synapses start firing, the keys pop like fireworks – black bursts of ink explode on the white sheet of paper and the carriage zings between the margins.

To face any kind of blank slate – a clear screen, a white sheet of paper, a bare canvas – takes courage, at any stage of life. It also can be exhilarating.

When someone is looking at that first blank page of a new chapter in life, when they are ready to hunt and peck for the right keys, access to higher education resources is vital. Community colleges exist for that moment.

See this fall as a fresh sheet of paper. Tap on some new keys. See what you can compose.

Jenny Emery Davidson
Hailey Campus Director
LEARNING NEVER ENDS!
The CSI Blaine County Campus offers a diversity of non-credit community education classes to promote intellectual inquiry and creative exploration for adults. The classes feature the talents of local experts, and they provide a forum for sharing ideas and developing new interests with other members of the community.

TO REGISTER FOR AN ENRICHMENT CLASS, visit the CSI office at the Community Campus in Hailey, or call 788-2033. Register early! The classes have enrollment limits.

ART

Metal Art: An Introduction to Welding
You can wield a torch to create something strong and beautiful! Step into CSI’s amazing new state-of-the-art mobile welding classroom to learn basic welding techniques and safety procedures. Guided by welding instructor Cody Thornton, you will learn how to grind and cut metal, and you will be introduced to MIG and stick welding. By the end of the three evening series, you will have created your own piece of metal art to take home with you. Wear long pants, a long-sleeved shirt, closed-toe shoes, and leather gloves. Other safety gear will be provided, along with materials for the class project.

Section code: XART 003 B01
Tuesday, Wednesday, Thursday • August 14, 15, 16 • 5:30-8:30 p.m. • Back lot of the Community Campus • Tuition: $210 (includes materials)

Mixed-Media Painting
In this class, you will explore a variety of media and subjects as you create your own original paintings guided by instructor Mitsuru Brandon, M.F.A. In the first class, you will consider an array of painting examples, and you’ll begin to envision a project of your own. The second class will focus on basic color theory as you work on a still life painting. The third class will introduce unusual materials and effects as you work on a texture painting of a landscape. The fourth class will focus on Japanese brush painting techniques to create a naturalistic landscape. The fifth class will introduce techniques for portrait painting, and by the final session you will create a portrait of your own. This class welcomes all skill levels.

Section code: XART 036 B01
Fridays • October 5, 12, 19, 26, November 2, 9 • 6:00-8:00 p.m. • Room 815 • Tuition: $120

Repurposed Book Art: Make Your Own Holiday Ornament
With some creative folding and cutting, you can transform a discarded book into a beautiful paper flower or ornament. You will leave this hands-on workshop with several of your own literary and lovely ornaments, and you’ll get lots of ideas for more fun projects. All supplies will be provided (but feel free to bring any old books you’d like to use). Your instructors Sandy Wapinski and Ansina Durham work at the CSI library; they know books, and they create beautiful book art objects!

Section code: XART 001 B01
Saturday • December 1 • 10:00 a.m-12:00 p.m. • Room 815 • Tuition: $30

Tag It and Bag It: Make Your Own Holiday Wrapping Paper
Just in time for the holidays! Make your gifts pretty, personal, and unique by being creative with the packaging. You will use printing, collage, and assemblage techniques to make original holiday tags,
wrapping, and gift presentations. Materials and supplies will be provided, but class participants are encouraged to bring their own collection of old photographs, discarded books, antique trims, stamps, game pieces, and any other fun odds-and-ends to personalize their creations. The instructor, Anne Elmore, is the art teacher at Bellevue Elementary.

Section code: XART 010 B01
Wednesday • November 28 • 6:00-8:00 p.m. • Room 815 • Tuition: $30

BUSINESS AND NONPROFIT DEVELOPMENT

Bookkeeping with QuickBooks I
If you are a business owner, a beginning bookkeeper, or your own financial manager, this class is for you! Brian Carney, a local CPA, will teach you how to create a company’s bookkeeping system from scratch using QuickBooks accounting software. In this introductory level class, you will learn how to build a solid bookkeeping foundation, create a useful chart of accounts, track revenue and expenses, manage a payroll, and more. You also will learn account reconciliation and basic financial reporting using data entered throughout the class. This is a hands-on computer bookkeeping class that includes lecture and discussion.
Section code: XMSC 044 B01
Tuesdays and Thursdays • September 11, 13, 18, 20, 25, 27 • 9:00-11:00 a.m. • Room 409 • Tuition: $150

Bookkeeping with QuickBooks II – Advanced
This class is for the person who understands the basics of the QuickBooks accounting software and wants a deeper understanding of the more complicated areas of the program. Brian Carney, CPA, will teach you how to create and track payroll from the set-up through tax forms and reporting; how to track inventory; and how to do partial invoicing. The class will allow time for discussion and problem-solving, so bring your questions from your own business and QuickBooks experience in the real world! The class meets in the computer lab for hands-on practice.
Section code: XMSC 044 B02
Tuesdays and Thursdays • October 2, 4, 9, 11 • 9:00-11:00 a.m. • Room 409 • Tuition: $99

Understanding Financial Statements for Nonprofits and Small Businesses
Learn key skills and strategies for managing a budget effectively to help you achieve your organization’s goals. This workshop will provide practical experience reading 1) profit & loss statements, 2) balance sheets, and 3) budget spreadsheets; looking for red flags; analyzing the allocation of resources; and determining how and when to make adjustments. The workshop also will cover important skills that go beyond the spreadsheet; for example, how do you forecast spending, and how does your budget interface with your organization’s mission? The instructor, Judi Mellon, M.S., is a certified business consultant for the Region IV Small Business Development Center.
Section code: XFIN 022 B01
Tuesday and Thursday • September 25 and 27 • 4:00-6:00 p.m. • Room 512 • Tuition: $40

COMPUTERS

Computers Made Friendly
This is the place to start if you are new to computers. The course will provide friendly, hands-on, step-by-step instruction to help you become familiar with the parts of a computer and how to perform basic operations. You will learn how to open and close documents, make changes to documents, access the Internet, and personalize the desktop. You are sure to leave the four-session class with more confidence to use computers. The instructor is Ruben Rivera, a technology professional for Blaine County School District.
Section code: XCMP 054 B01
Tuesdays and Thursdays • October 2, 4, 9, 11 • 6:00-8:00 p.m. • Room 409 • Tuition: $90
COMPUTER BOOSTERS

These one-night computer classes are designed to boost your skills in specific areas, efficiently and enjoyably! Take one class to target a particular need, or take several in a progressive series for more depth. The instructors – Christy Krepss, Teresa McGoffin, and Tim Rocco – are technology professionals with teaching experience.

1 – Introduction to the Internet
Learn the basic features of the World Wide Web and practice navigating the Internet in a productive way to find and share information, from news articles to videos.

Section code: XCMP 199 B01
Wednesday • September 12 • Room 409 • 6:00-8:30 p.m. • Tuition: $30

2 – Introduction to Email
Learn how to stay in touch with friends and family and generally maximize the communication potential of email. In this workshop, you will learn the options for email accounts, go through the steps to create one of your own, and learn the basics about sending and receiving messages. The class also will address email etiquette.

Section code: XCMP 199 B02
Wednesday • September 19 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

3 – Excel 1: Basic Spreadsheets
Get a hands-on tour of basic spreadsheet tools and techniques in Microsoft Excel 2010. This workshop will teach you how to open and format documents, discover ways to navigate and manipulate documents, and experiment with other useful features.

Section code: XCMP 199 B03
Wednesday • September 26 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

4 – Word 1
Get a hands-on tour of basic word processing tools and techniques in Microsoft Word. You’ll learn how to open and format documents, print, save, experiment with style, and use other fun and functional features.

Section code: XCMP 199 B04
Wednesday • October 3 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

5 – Excel 2: Shortcuts for Productivity
If you use Excel a little bit and want to do more, this workshop will teach you how to use several time-saving tools, such as auto fill, auto sum, and the format painter tools, as well as how to use styles to make your spreadsheets look visually appealing.

Section code: XCMP 199 B05
Wednesday • October 10 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

6 – Word 2: Tables, Templates, and More
Take your word processing skills to the next level and learn new features to help you work more efficiently and be more creative with Microsoft Word 2010. In this workshop you will explore some lesser-known features, such as tables, advanced layouts, graphics, columns, and templates.

Section code: XCMP 199 B06
Wednesday • October 17 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

7 – Intro to the iPad
Tour basic features of the iPad and learn how to adjust settings, access mail, add apps, download books, organize folders, and more. Share ideas about fun and useful apps. Bring your own tablet to class.

Section code: XCMP 199 B07
Thursday • October 18 • 6:00-8:30 p.m. • Room 514 • Tuition: $30
8 – Excel 3: Formulas
If you have used Excel but want to be able to do more complex formulas and calculations, this class will help you expand your ability to use the computational tools in the spreadsheet program. You will learn how to perform calculations using various functions available in Excel’s function library, as well as how to create custom formulas.

Section code: XCMP 199 B08
Wednesday • October 24 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

9 – BYOM: Bring Your Own Mac
Explore the basic operations and dynamic features of your Macintosh laptop computer. Topics will include basic settings, the trackpad, the dock, widgets, the file system, shortcuts, and ways to customize the desktop. Bring your own Mac laptop with you to class.

Section code: XCMP 199 B09
Wednesday • October 31 • 6:00-8:30 p.m. • Room 510 • Tuition: $30

10 – PowerPoint 1
Learn the basics of how to use this powerful presentation software, from pre-set design templates to your own unique layout, to ensure that your presentation is visually-appealing to your audience and effective for conveying your information. You also will learn how to add text, graphics and videos to your presentations.

Section code: XCMP 199 B10
Wednesday • November 7 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

11 – Master the Mail Merge
Learn how to save yourself time by using the mail merge function in Word and Excel to streamline various kinds of mailing and printing jobs.

Section code: XCMP 199 B11
Wednesday • November 14 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

12 – PowerPoint 2: Animations
This class will focus on how to add excitement to your presentations by using animations. You will learn how to set slide transitions and how to apply animations to text and pictures using pre-designed and custom animations.

Section code: XCMP 199 B12
Wednesday • November 28 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

13 – Cloud Computing
Move your workplace to the clouds! Applications such as Google Docs and Dropbox can help you streamline your computing, work collaboratively on documents, and be more efficient in sharing information between individuals and various computer devices.

Section code: XCMP 199 B13
Wednesday • December 5 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

14 – Word 3: Advanced Graphics
Make your documents stand out! In this Microsoft Word 2010 class, you will learn advanced techniques, such as sorting data, importing data from Excel, modifying graphics, and reviewing documents.

Section code: XCMP 199 B14
Wednesday • December 12 • 6:00-8:30 p.m. • Room 409 • Tuition: $30
Cooking with Lamb
In conjunction with the annual Trailing of the Sheep Festival, Chris and Rebecca Kastner of CK's Real Food Restaurant will demonstrate how to make innovative lamb dishes that epitomize regional northwest cuisine. CK's cooking honors local foods and reflects thoughtful, innovative preparation. Not only will you get some cooking ideas to try in your own kitchen, but you will get to enjoy sampling the sumptuous dishes and sipping wine. This class is a wonderful way to celebrate the harvest season and the traditional Trailing of the Sheep in the Wood River Valley.
Section code: XHEC 010 B01
Friday • October 12 • 1:00-2:30 p.m. • CK's Restaurant • Tuition: $50

Harvest Cooking Series with Idaho's Bounty
This fall cooking series, in partnership with Idaho’s Bounty, will focus on local food production and healthy preparation. The classes are sponsored in part by a “Value-Added Producer Grant” to Idaho’s Bounty from the U.S. Department of Agriculture.

1 – Famous Potatoes
The modest potato has a momentous world history – from Peru to Ireland to, of course, Idaho – and it is an affordable, versatile food staple. Learn about some famous and some lesser-known potato types that are grown locally, sample them, and learn how to prepare them in interesting ways, whether baked, stuffed, fried, or mashed! This class will help you do justice to our state’s banner vegetable!
Section code: XHEC 014 B01
Thursday • September 13 • 6:30-8:00 p.m. • Wood River High School Room C101 • Tuition: $20

2 – Pasta and Sauces
Get ready to top off those cold days of skiing with a hot pasta meal. This class will survey pasta types – linguini, fettuccini, ravioli, and more – and the best sauces to top them. Learn to craft the perfect noodles, and then how to make a variety of sauces, from a simple carbonara to rich, slow-cooked complexities.
Section code: XHEC 014 B02
Thursday • October 25 • 6:30-8:00 p.m. • Wood River High School Room C101 • Tuition: $20

Let Them Eat Cake: Cake Decorating for Autumn
Make a pretty cake for the fall season, and eat it, too! In this hands-on workshop, you will learn how to use a variety of tools and techniques to decorate cakes. You will get great decorating ideas for the season, and get inspired for the holidays, too. Gloria Wieand has more than 30 years of experience creating extraordinary wedding cakes and other specialty cakes. All participants will decorate a small cake to take home. The cake and all supplies will be provided.
Section code: XHEC 003 B01
Monday • October 22 • 6:00-8:00 p.m. • Room 815 • Tuition: $40

DANCE

Ballroom Dancing
Learn some fancy footwork to be dazzling on the dance floor! This three-session class will teach you the smooth dances (waltz, fox-trot, swing) and Latin dances (cha-cha, salsa, rumba). You’ll learn how to match the steps to the type of music, and you’ll get great exercise. Bring your dance requests! The instructor is Hilarie Neely, director of Footlight Dance Centre.
Section code: XDAN 001 B01
Fridays • Oct 19, 26, November 2 • 7:00-8:30 p.m. • Footlight Dance Studio • Tuition: $45
HOME IMPROVEMENT

These one-night classes, led by Greg Urbany, are designed to help you accomplish do-it-yourself home improvement projects.

Be Your Own Handyman 1: Winterize Your Home
In this class you will discuss the importance of maintaining adequate insulation, and you’ll get hands-on practice sealing doors and windows and installing weather-stripping. You also will learn how to service appliances such as furnaces, water heaters, and chimneys; how to protect water lines from freezing; and how to address roof drainage problems caused by ice.

Section code: XMSC 172 B01
Thursday • 6:00-8:00 p.m. • October 4 • Room 900 • Tuition: $30

Be Your Own Handyman 2: Basic Tile Setting
Learn the fundamentals of tile layout, preparation, and installation for areas such as floors, countertops, and showers. This class will teach you how to use the appropriate tools to complete the job properly. You also will get great ideas for creating tile patterns, trims and embellishments.

Section code: XMSC 172 B02
Thursday • 6:00-8:00 p.m. • November 8 • Room 900 • Tuition: $30

LANGUAGES

Beginning Conversational Spanish
Whether you want to expand your language skills for the workplace or for world travel or to exercise your brain, learning Spanish is a smart move. In this six-week introductory course, you will learn foundational grammar and vocabulary in a friendly, active, conversational setting. This class will help you communicate effectively about yourself, everyday things, and travel. The instructor, Lori Burks, is a certified Spanish teacher who has lived and traveled extensively in Spanish-speaking countries.

Section code: XLNG 005 B01
Wednesdays • September 19, 26, October 3, 10, 17, 24 • 6:00-7:30 p.m. • Room 513 • Tuition: $95

Advanced Conversational Spanish
If you have a solid foundation in Spanish and would like to continue to develop your fluency, this class will help you do so. The class will focus on the following communicative goals: describing; comparing; narrating in the past; reacting and recommending; talking about likes, dislikes, interests, and annoyances; making hypotheses; and talking about the future. Our basis for study will be the text Punto y Aparte: Spanish in Review – Moving Toward Fluency, which is currently used as the text for CSI’s SPAN 202 course. You will read, listen, watch videos, speak and write about various topics. The instructor of the class is Sara Pettit, M.A., who also teaches SPAN 201 and 202 for CSI. The course is intended for students who have completed SPAN 202 or its equivalent.

Section code: XLNG 004 B01
Wednesdays • October 24, 31, November 7, 14, 28, December 5, 12 (no class November 21) 4:00-5:30 p.m. • Room 509 • Tuition: $110
This seminar series aims to help local nonprofits:

- strengthen organizational infrastructure
- foster a culture of professional development
- enhance relationships through networking, mentoring, and collaboration

**LOCATION:**
The College of Southern Idaho Blaine County Center, Community Campus, Hailey

**TUITION:**
$20/session or $50 for the series
Scholarships are available through the Wood River Women's Charitable Foundation

**I**
**BOARD RECRUITMENT AND DEVELOPMENT**
Wednesday, October 10
2:30-4:30 p.m.
Speaker:
Kay Sohl

**II**
**STRATEGIC PLANNING**
Wednesday, January 9
2:30-4:30 p.m.
Speaker:
Duncan Ferguson

**III**
**CONFLICT MANAGEMENT**
Wednesday, April 10
2:30-4:30 p.m.
Speaker:
Carol Bowser

For more information and to register, contact the CSI Blaine County Center at 788-2033 or www.csi.edu/blaine.

*This series is sponsored by Don and Marcia Liebich.*
BASIC SKILLS: INTEGRATED EDUCATION

The Integrated Education Initiative is a joint effort by the College of Southern Idaho, The Advocates, and The Hunger Coalition, funded by a grant from the Wood River Women’s Charitable Foundation. The project aims to improve the social and economic health of the community through coordinated and specialized educational programs for lower-income and economically-displaced people in Blaine County. The program includes a series of job, life, and literacy skills classes, combined with mentoring services, to help adults advance their education, employment, and quality of life.

CLASSES THAT BEGIN THIS FALL INCLUDE:

COMPUTER LITERACY
• Basic computer assistance through The Hunger Coalition in the CSI computer lab
• Focused computer classes, from beginning to advanced levels, through CSI

ENGLISH LANGUAGE SKILLS
• Basic English through CSI
• Advanced English Bridging Class through CSI

LIFE SKILLS AND EMPLOYABILITY
• Skills for Success – job and life skills training to improve employment options – through The Advocates

NUTRITION AND HEALTH
• Healthy cooking, gardening, and food preservation classes through The Hunger Coalition

For more information, contact any one of these organizations:

The Advocates

ESL
ENGLISH AS A SECOND LANGUAGE

English Literacy Classes
These free classes teach basic English grammar and conversational skills, helping non-native speakers to improve their English proficiency.

Mondays and Wednesdays • 6:30-9:00 p.m. • Community Campus Room 510
Registration on August 27 and 29 • Classes begin September 5

Advanced English Bridging Class
This English as a Second Language course will provide more formal study of English to help students improve their literacy for the workplace and/or college coursework. The course will focus on reading and writing skills with attention to each student’s individual career plans.
To register for this course, students should contact the CSI Blaine County Campus and make an appointment for advising and placement.

Instructor: Victoria Yee, M.A.
Section code: XLNG 099 B01
Thursdays • September 13-November 15 • 7:00-9:00 p.m. • Room 512 • Tuition: $125

GED
GENERAL EDUCATION DEVELOPMENT
The Adult Basic Education Program provides basic skills instruction in reading, writing, and math, enabling adults 16 and older to improve basic academic skills and to continue to achieve individual educational goals. Small instructional classes, online classes, and home study opportunities are available. Official GED® testing information and testing sessions are provided as a service through this program.

For more information, contact Janice Reutlinger at HaileyABE@csi.edu or 788-2033 x6933, or contact Julie Jones 1-800-680-0274 x6534.
GO TO COLLEGE AT THE CSI BLAINE COUNTY CAMPUS!
Here in Hailey, you can work toward an associate’s degree, prepare to transfer to a four-year institution, accomplish classes for a second degree or a career change, and build your job and life skills.

The CSI Blaine County Campus offers academic classes taught by local instructors and telecommunication classes broadcast from the Twin Falls campus. For a comprehensive listing of the college’s academic courses, including online courses and courses at other campuses, visit CSI’s website, www.csi.edu, and click on the “catalog” link.

NEW STUDENTS:
Get started as a CSI student by going online: www.csi.edu/gettingstarted. Follow the easy checklist to complete the online application form, then take the COMPASS placement exam, complete the county residency form, and meet with an advisor to plan your classes.

RETURNING STUDENTS:
Go to the CSI website, www.csi.edu, and register for classes through MyCSI. Be sure to complete the county residency form each academic year.

Students also can register in person at the Blaine County Campus office.

*TUITION:
In-state tuition is $110 per credit for part-time students. Full-time tuition (for a course load of 12-15 credits) is $1,320 per semester. Out-of-state tuition is $280 per credit. For students over 60, there is no charge for academic credits unless the student is seeking a degree.

Please note that class details may change, and the most current information is available online at www.csi.edu.

ALLIED HEALTH

ALLH 101 B03V – Medical Terminology
This course is designed to introduce the student to the fundamentals of medical terminology. It includes word structure of basic medical/surgical terms and procedures, body parts and organs, selected medical specialties, and commonly used medical abbreviations. Telecommunication class.

Instructor: Angie Pullin
Tuesdays August 27-December 20
7:00-8:50 p.m. Room 515
2 credits $220*

ANTHROPOLOGY

ANTH 102 B01V – Cultural Anthropology
This course examines the wide variety of ways of life which humans have created around the world and an analysis of the similarities and differences which exist among them. In addition to psychological and language differences among people, their technologies, social structures, and belief systems will also be emphasized. Telecommunication class.

Instructor: Ron James
Thursdays August 27-December 20
7:00-9:50 p.m. Room 515
3 credits $330*
ART

ARTS 109 B01 – Drawing 1
This course explores basic drawing skills. Throughout the course a broad range of drawing materials and techniques will be introduced. Students will explore creative intent and participate in regular critiques.
Instructor: Mitsuru Brandon, M.F.A
Tues. and Thurs. August 27-December 20
6:00-8:20 p.m. Room 815
3 credits $330*

ARTS 225 B01 – Ceramics 1
This course is an introduction to basic processes of ceramics and the operation of the CSI ceramics lab. Ceramics 1 includes handbuilding, throwing, and firing.
Instructor: Dianne Taylor, Ph.D.
Mon. and Weds. August 27-December 20
1:00 p.m.-3:20 p.m. Room 815
3 credits $330*

BIOLOGY

BIOL 120 B01 – Environmental Science
This course is designed for non-science majors. It will consider scientific principles and their influence on environmental problems in today’s society. The role of humans and our impact on these issues will be emphasized. Past, present, and future trends will be evaluated along with the possible impacts of these trends on the local and global populace. This course meets for an equivalent of 5 contact hours per week with a minimum of 2 contact hours devoted to laboratory/investigative activities.
Instructor: Kim Morgan, M.S.
Mon. and Weds. August 27-December 20
5:00-7:20 p.m. Room 404
4 credits $440*

BUSINESS ADMINISTRATION

BUSA 101 B01V – Introduction to Business
This course is a survey of business subject areas for both business and non-business students. Topics covered will include business operation and organization, financial management, marketing, accounting, and labor relations. Career opportunities in the field of business will be discussed. Telecommunication class.
Instructor: Dennis Heiner, M.B.A.
Mon., Weds., Fri. August 27-December 20
2:00-2:50 p.m. Room 515
3 credits $330*

BUSA 207 B01 V – Business Statistics for Decision Making 1
This course is designed to provide students with a fundamental understanding of statistical processes and techniques commonly used in today's business arena. Using practical applications and problem solving, students will develop a basic understanding of statistics and its impact and uses in business. Students will develop a working knowledge of such topics as frequency distributions, measures of central tendency and dispersion, probability, normal distribution, sampling methods, estimation and hypothesis testing. Computer competency is advised. Computer competency may be demonstrated by successful completion of BUSA 215 or a computer placement exam. Co-requisite: Math 108 or Math 143. Telecommunication class.
Instructor: Michael Slagel, M.S.
Mon., Weds., Fri. August 27-December 20
1:00-1:50 p.m. Room 515
3 credits $330*

COMMUNICATIONS

COMM 101 – Fundamentals of Oral Communication
COMM 101 is a course intended to improve your communication abilities in a variety of academic, social, personal and business settings. Emphasis is placed on the communication process, public address, small group discussion, and listening.

Section B01
Instructor: Dayle Ohlau, M.A.
Mon. and Weds. August 27-December 20
7:00-8:20 p.m. Room 514
3 credits $330*

**ECONOMICS**

**ECON 202 B01V – Principles of Microeconomics**  
This course covers principles of governing production, price relationships, and income distribution and their application to selected problems. Telecommunication class.  
**Instructor:** Michael Pohanka  
Mondays  
August 27-December 20  
7:00-9:50 p.m.  
Room 516  
3 credits  
$330*

**ENGLISH**

**ENGL 015 B01V – Basic English and Writing**  
This course is an introduction and review of basic skills and strategies needed for writing in college and the workplace, with emphasis on grammar and usage, sentence construction, and paragraph and essay development, preparing students for ENGL 090. Prerequisite: Placement test score and a departmental writing sample. Telecommunication class.  
**Instructor:** Kim Jones, M.A.  
Mon., Tues., Weds., Thurs.  
Aug. 27-Dec.20  
10:00-10:50 a.m.  
Room 516  
4 credits  
$440*

**ENGL 090 B02V – Developmental Composition**  
This course is a study and practice of the basic concepts of composition, including paragraph and essay construction. It introduces students to the composition process: prewriting, writing, and revising. The course also emphasizes grammar, sentence mechanics, editing, and critical thinking skills. Prerequisite: ENGL 015 or equivalent placement test score and a departmental writing sample. Telecommunication class.  
**Instructor:** Ginger Cooper

**ENGL 101 B01 – English Composition 1**  
English 101 emphasizes the process and strategies of writing with critical attention to purpose, audience, and style. Students write analytical essays based on readings, observations, and ideas; develop their inventiveness and voice; and edit for style and conventions of standard usage. This course introduces MLA format. Placement in 101 is based on a proficiency test score and a department writing sample. Prerequisite: ENGL 090 or equivalent placement test score.  
**Instructor:** Kate Ristow, M.F.A.  
Tues. and Thurs.  
August 27-December 20  
4:30-5:50 p.m.  
Room 510  
3 credits  
$330*

**ENGL 102 B01 – English Composition 2**  
English 102 furthers the composition skills developed in English 101, focusing on critical reading, writing, and research. Students will write expository and persuasive essays, using literary and/or interdisciplinary materials. This course also requires a researched essay. Prerequisite: ENGL 101 or equivalent placement test score.  
**Instructor:** Kate Ristow, M.F.A.  
Tues. and Thurs.  
August 27-December 20  
6:00-7:20 p.m.  
Room 510  
3 credits  
$330*

**ENGL 175 B02V – Introduction to Literature**  
This course introduces literary genres (novel, short story, drama, poetry) and provides the general student with the terminology and standard techniques of literary analysis and explication. Prerequisite: ENGL 101 or equivalent placement test score.  
**Instructor:** Jenny Emery Davidson, Ph.D.  
Mon. and Weds.  
August 27-December 20  
4:00-5:20 p.m.  
Room 516  
3 credits  
$330*
FINANCE

FINA 102 B01V – Personal Finance
This is an introductory course highlighting personal financial planning, including goal setting, budgeting, tax planning, housing, consumer credit, buying automobiles, insurance protection, retirement planning, and an introduction to investing. Projects encourage students to apply course concepts to their own situations. Telecommunication class.
Instructor: Crystal Ayers, M.A.
Mon., Weds., Fri. August 27-December 20
11:00-11:50 a.m. Room 515
3 credits $330*

HISTORY

HIST 101 B04V – Western Civilization 1
This course analyzes important developments which contributed to the formation of the West, including the Ancient Near East, Greece, Rome, the Middle Ages, and Early Modern Europe to 1648. Telecommunication class.
Instructor: Samra Culum
Mon., Weds., Fri. August 27-December 20
8:00-8:50 a.m. Room 516
3 credits $330*

MATHEMATICS

MATH 015 – Prealgebra
This course emphasizes prealgebra concepts and is designed to equip students with skills necessary to be successful in Math 025, Beginning Algebra. A review of arithmetic operations with whole numbers, integers, and rational numbers integrating algebraic concepts such as vocabulary, simplifying variable expressions, solving linear equations, order of operations, exponents, radicals, ratios and percentages. Prerequisite: Placement test score. Telecommunication class.

Section B01V
Instructor: James Dawson, M.S.
Tues. and Thurs. August 27-December 20
11:00 a.m.-12:20 p.m. Room 516
3 credits $330*

Section B18V
Instructor: James Dawson, M.S.
Mon., Weds., Fri. August 27-December 20
8:00-8:50 a.m. Room 515
3 credits $330*

Section B20V
Instructor: Russell Sadler, M.S.
Mon. and Weds. August 27-December 20
4:00-5:20 p.m. Room 515
3 credits $330*

MATH 025 – Beginning Algebra
This course is designed to develop basic algebra skills. It covers positive and negative integers, exponents, fractions, first-degree equations and inequalities in one variable, polynomials, evaluation of algebraic expressions, factoring, rational expressions, radicals, an introduction to graphing in a quadrant system, and operations on sets. Students are not advised to go on to the next math course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: MATH 009 or MATH 015 with ‘C’ grade or better, or placement test score. Telecommunication class.

Section B04V
Instructor: James Dawson, M.S.
Mon., Weds., Fri. August 27-December 20
12:00-12:20 p.m. Room 516
3 credits $330*

Section B14V
Instructor: Kevin Jones
Mon., Weds., Fri. August 27-December 20
10:00-10:50 a.m. Room 515
3 credits $330*

Section B24V
Instructor: Russell Sadler, M.S.
Mon., Weds., Fri. August 27-December 20
3:00-3:50 p.m. Room 516
3 credits $330*

Section B26V
Instructor: Ronald Moody
Tues. and Thurs. August 27-December 20
5:30-6:50 p.m. Room 515
3 credits $330*
MATH 108 B02V – Intermediate Algebra
This course is designed to prepare the student for college algebra. It covers first-degree equations and inequalities, linear functions, systems of linear equations, polynomials, factorization, rational expressions, negative and rational exponents, radicals, quadratic equations, graphing functions, logarithms, and application problems. Prerequisite: MATH 010/025 with 'C' grade or better, or CSI placement test score. Telecommunication class.

Instructor: Anatoliy Honcharenko, M.S.
Tues. and Thurs. August 27-December 20
3:30-5:20 p.m. Room 516
4 credits $440*

MATH 123 B01V – Math in Modern Society
This survey course provides an opportunity to acquire an appreciation of the nature of mathematics and its relation to other aspects of our culture. The course is rigorous but not rigid and applies mathematics to real-world problems. Prerequisite: MATH 010/025 with a grade of 'C' or better, or CSI placement test score. Telecommunication class.

Instructor: Estella Elliott, M.S.
Tues. and Thurs. August 27-December 20
5:30-6:50 p.m. Room 516
3 credits $330*

MATH 143 B01V – College Algebra
This course includes fundamental concepts of algebra: equations and inequalities; functions and graphs; polynomial, rational, exponential and logarithmic functions; systems of equations and inequalities; conics; the Binomial Theorem. Credit hours are not granted in both MATH 143 and MATH 147. Prerequisite: MATH 108 with a grade of 'C' or better, or CSI placement test score. Telecommunication class.

Instructor: Paul Morgan, M.S.
Mon., Weds., Fri. August 27-December 20
11:00-11:50 a.m. Room 516
3 credits $330*

MATH 147 B01V – Precalculus
This is a single course equivalent to College Algebra (MATH 143) plus Trigonometry (MATH 144). Credit hours are not granted in both MATH 143 and MATH 147. Prerequisite: MATH 108 with a grade of 'C' or better or CSI placement test score. Telecommunication class.

Instructor: Cindy Dickson, M.S.
Mon., Tues., Weds., Thurs., Fri. Aug. 27-Dec. 20
9:00-9:50 a.m. Room 515
5 credits $550*

MATH 157 B01V – Math for Elementary Teachers 1
This course includes problem solving, set theory, numeration systems, integers, number theory, rational numbers, exponents and real numbers. Prerequisite: MATH 143 or MATH 147 with a grade of ‘C’ or better. Telecommunication class.

Instructor: Cindy Dickson, M.S.
Tues. and Thurs. August 27-December 20
4:00-5:20 p.m. Room 515
3 credits $330*

MATH 253 B01V – Introductory Statistics
This algebra-based probability and statistics course covers descriptive statistics, binomial and normal distribution, confidence intervals, and hypothesis testing using zt, chi square, and f distributions. ANOVA and nonparametric hypothesis testing are also introduced. Prerequisite: MATH 143 with a grade of ‘C’ or better, or instructor permission. Telecommunication class.

Instructor: Nolan Rice, M.S.
Mon. and Weds. August 27-December 20
5:30-6:50 p.m. Room 515
3 credits $330*

NURSING ASSISTANT

NURA S001 B01 – Certified Nursing Assistant
This course offers an introduction to the health care field. Learners are provided with experiences in the classroom and in the clinical area
and result in the development of basic competencies required of nursing assistants. The course provides the learner with skills that are prerequisite to specific areas of health care. Completion of this training program is required by federal regulations in order to be employed in skilled nursing facilities. Completion of the training will prepare the student for the clinical skills examination and the OBRA written test.

Class times may be adjusted to accomplish the required clinical hours. The instructor will discuss this at the beginning of the course. This class is supported by a grant from the P. Scott McLean, Jr., M.D., Education Endowment Fund of the St. Luke’s Wood River Foundation.

Instructors: Leslie Moore, R.N., and Kristine Brock, R.N.

**NURA S031 B01 – Heartsaver CPR and First Aid**
Cardio Pulmonary Resuscitation and the Standard First Aid course are delivered. CPR methods for infants, children, and adults are included.

**Instructor: TBA**

Friday October 26
5:00-10:00 p.m. Room 404
$55

**NURA S031 B01 – Heartsaver CPR and First Aid**
Cardio Pulmonary Resuscitation and the Standard First Aid course are delivered. CPR methods for infants, children, and adults are included.

**Instructor: TBA**

Friday October 26
5:00-10:00 p.m. Room 404
$55

**PHYSICAL EDUCATION ACTIVITIES**

**PHYA 119 B01 – Yoga**
This course provides a foundation for exploring classical yoga postures as well as the history and philosophy of yoga. Each class includes stretching, strengthening, relaxation techniques, and pre- and post-flexibility resting.

**Instructor: Victoria Roper**

Tuesdays August 27-December 20
5:30-6:50 p.m. BCRD Fitness Studio
1 credit $110*

**PHYA 122 B01 – Pilates**
Pilates is an organized exercise class which improves core strength. Each class includes toning, streamlining, and realigning of the body without the bulked-up results of more conventional workouts. Consistency with simple sequences and breath will guide students through a series of exercises for achieving a balanced physical fitness.

**Instructor: Hilarie Neely**

Tuesdays August 27-December 20
10:10-11:30 a.m. BCRD Fitness Studio
1 credit $110*

**PHYSICS**

**PHYS 101 B01V – Survey of Astronomy**
This course involves the study of solar and stellar astronomy. The relationship of astronomy to the other sciences is stressed. Topics include the history of astronomy, motions of celestial bodies, earth, moon, planets, astronomical instruments and methods, spectra, stars, unusual stars, galaxies, and cosmology. STUDENTS MUST ALSO REGISTER FOR PHYS 101L B01V, the lab section of the course. Telecommunication class.

**Instructor: Wallace Blacker**

Tues. and Thurs. August 27-December 20
7:00-9:20 p.m. Room 516
4 credits $440*

**POLITICAL SCIENCE**

**POLS 101 B01V – American National Government**
The basic course in political science introduces
the basic concepts and major structural elements of the national government. Many aspects of American government are introduced and discussed in a way that will make the study of government more a part of the student’s world.

Instructor: Susan Beseris, M.A.
Tues. and Thurs. August 27-December 20
8:00-9:20 a.m. Room 516
3 credits $330*

**PSYCHOLOGY**

PSYC 101 B01 – General Psychology
This survey course is an introduction to psychology. Psychology is the scientific study of thinking, emotion, and behavior. This course introduces students to the diverse research areas of psychology such as psychobiology, motivation, learning, cognitive and social processes, and abnormality, emphasizing empirical findings of the discipline.

Instructor: Nancy Kneeland, M.S.
Mon. and Weds. August 27-December 20
5:30-6:50 p.m. Room 514
3 credits $330*

PSYC 201 B01 – Child & Adolescent Development
This course explores biosocial, cognitive, and psychosocial changes in all our lives from birth through adolescence. Parenting and education are the contexts emphasized to understand and elaborate upon the course material. Prerequisite: PSYC 101 or instructor permission.

Instructor: Nancy Kneeland, M.S.
Mon. and Weds. August 27-December 20
7:00-8:20 p.m. Room 401
3 credits $330*

**READING**

READ 015 B01V – Basic Reading
This course is designed to increase reading proficiency by deepening dictionary skills, improving vocabulary-learning strategies, identifying patterns of organization, locating main ideas and supporting details, and increasing comprehension. Students are not advised to take the next reading course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: placement test score.

Telecommunication class.
Instructor: Margaret Peck, Ph.D.
Mon., Weds., Fri. August 27-December 20
2:00-2:50 p.m. Room 516
3 credits $330*

READ 035 B01V – Building College Vocabulary
This course is designed to increase the vocabulary of students so that they may be better equipped for college and the workplace. Students develop skills in dictionary use, context clues, word derivatives, and word usage. Prerequisite: Placement test score or instructor permission. Telecommunication class.

Instructor: Elizabeth Slifer, M.A.
Mon., Weds., Fri. August 27-December 20
1:00-1:50 p.m. Room 516
3 credits $330*

READ 090 B03V – Reading Development
This course is designed to enhance basic reading skills in order to accommodate college-level reading assignments. Particular attention is given to finding stated and implied main ideas as well as advancing critical reading skills. Students are not advised to take the next reading course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: READ 015 or equivalent placement test score. Telecommunication class.

Instructor: Kim Jones, M.A.
Mon., Weds., Fri. August 27-December 20
9:00-9:50 a.m. Room 516
3 credits $330*

**SOCIOLOGY**

SOCY 101 B01V – Introduction to Sociology
This course presents the basic concepts, principles, and processes in sociology along with an introduction to material relating to culture, social interaction, institutions, and social change. Telecommunication class.

Instructor: Jaime Goffin
Wednesdays August 27-December 20
7:00-9:50 p.m. Room 515
3 credits $330*
SPANISH

SPAN 101 B01 – Elementary Spanish
The focus in class is on using Spanish to exchange real-life information and ideas, and on the functional grammar and vocabulary to accomplish this. The class will realize this focus through the four traditional skills: listening, speaking, reading, and writing. It will also include an introduction to Hispanic culture. Beginners and students with fewer than two years of high school Spanish should register for this course.

Instructor: Peter Webb, M.A.
Mon. and Weds. August 27-December 20
6:00-7:50 p.m. Room 509
4 credits $440*

SPAN 201 B01 – Intermediate Spanish
This course is an expanded reinforcement of the first two terms, concentrating on developing greater oral proficiency and reading skills, with some composition. Students will have the opportunity to increase Spanish proficiency in real world terms. Prerequisite: SPAN 102 or three years of high school Spanish or permission of instructor.

Instructor: Sara Pettit, M.A.
Tues. and Thurs. August 27-December 20
4:00-5:50 p.m. Room 509
4 credits $440*

STUDY SKILLS

STUS 101 B01V – College Study Methods
This course is designed to develop the study methods of college students. Emphasis is placed on learning organized study techniques, examination skills, note-taking procedures, and comprehension of reading material. Also, students will learn basic research and computer skills. Telecommunication class.

Instructor: R. Brent Jensen, M.A.
Tues. and Thurs. August 27-December 20
2:30-3:20 p.m. Room 515
2 credits $220*
HOW TO REGISTER FOR CLASSES

ACADEMIC PROGRAMS
To register for an academic class as a new or returning student, visit the CSI website at www.csi.edu. You can complete an application for admission and a course registration form online, or visit the CSI office at the Hailey campus.

ENRICHMENT PROGRAMS
To register for an enrichment class, visit the CSI office at the Community Campus in Hailey, or call 788-2033 to register over the phone.

IF YOU'RE THINKING ABOUT STARTING COLLEGE...  
1. Go to www.csi.edu and submit the application for admission online. You will receive your CSI identification number within approximately 48 hours by e-mail.
2. Call the Blaine County office, 788-2033, and make an appointment to take the college placement test and to meet with an academic advisor.
3. Register for classes online and fill out your certificate of residency form. Print out and bring your completed residency form to our office.
4. Apply for financial aid and scholarships. Apply for federal financial at www.fafsa.ed.gov. Financial aid applications may require at least six weeks to process. Apply for a Blaine County scholarship by picking up an application form at our office or online.

Visit the CSI Blaine County Campus!
We’ll help you get started, and we’ll help you keep going!

The application deadline for Blaine County scholarships for the spring 2013 semester is NOVEMBER 2. Get the application at our office or online at www.csi.edu/blaine.

THE FALL ACADEMIC SEMESTER BEGINS AUGUST 27. TUITION IS DUE BY AUGUST 31.
CSI Blaine County Center at the Community Campus
