The College of Southern Idaho

Brighten Your Prospects through Learning

- Enrichment Classes - page 2
- Summer Spanish Institute - page 8
- Academic Classes - page 11
Dear Friends,

The sun in central Idaho is tenacious. Most days of the year, it charts an un-obscured course across Blaine County, casting its rays down narrow mountain slots and pooling for hours in wider meadows. In the summer, in particular, the sun spurs motion: flowers turn their heads to follow it from dawn to dusk; cats and dogs stalk it for the warmest napping spots; and late into the evening we move our lawn chairs accordingly.

The sunny days of summer can push us to throw open the windows and dig into the dirt. The long hours of sunlight push the boundaries of the day; colors emerge in unexpected places – like the gold and purple lupines that erupt on dry hillsides. It’s a time of bright prospects.

So, look for those prospects. Open your mind to some fresh ideas this summer. Take a class to explore local history, learn how to weld, build a ceramic birdhouse, study another language, or master a new technology tool.

Stalk a bright idea. Be tenacious in your learning!

Jenny Emery Davidson
Hailey Campus Director
ANIMALS

Basic Dog Obedience Boot Camp
It’s a two-day seminar for you and your dog! Spend the weekend developing effective training techniques and forging a mutually-beneficial relationship between you and your dog. The class will cover basic commands: sit, down, attention, leave it, stay, and heel (on short and long leads). The instructor, Barb Williams, graduated from the Animal Behavior College and trains hunting dogs, search and rescue dogs, and pets. Please, no dogs with fear or aggression issues. A buckle collar, six-foot leash, 20-30 foot line and tasty treats are required for this class, and dogs should have a current vaccination record.

Session 1  Section code: XHOB 004 B01
Saturday and Sunday • June 23 and 24 • 10:00 a.m.-12:00 p.m. • Outside at the Community Campus
Tuition: $80

Session 2  Section code: XHOB 004 B02
Saturday and Sunday • July 7 and 8 • 10:00 a.m.-12:00 p.m. • Outside at the Community Campus
Tuition: $80

ART

Build Your Own Birdhouse: Hand Building with Clay
Play with clay, and let your imagination go to the birds! Learn basic hand-building techniques for making things with clay from Dianne Taylor, Ph.D., a CSI ceramics teacher, and apply those techniques to designing a unique birdhouse to adorn your yard. You may paint the birdhouse using liquid clay infused materials, and in the final class you will glaze the piece and then it will be fired in the kiln. Supplies are included in the tuition.

Section code: XART 010 B01
Tuesdays and Thursdays • June 19, 21, 26, 28 • 6:00-9:00 p.m. • Room 815 • Tuition: $125 (includes materials)

Book Art: The Book as Personal Drama
Take your words out of the computer screen and transform them into multi-faceted sculptural books. You might create a personal story or fictional drama, and play with how progressive pages present clues and lead readers along. . . . Mitsuru Brandon, M.F.A., will demonstrate how to employ a range of creative techniques – from paper cutting, to folding, to photo collage, to drawing and painting – and she’ll guide you through how to combine sequential images for your dramas, and finally bind the pages in book form. Every aspect of your book, the words and the form, will be unique and meaningful.

Section code: XART 036 B01
Tuesdays • July 10, 17, 24, 30 • 6:00-8:30 p.m. • Room 815 • Tuition: $99
Metal Art: An Introduction to Welding
Explore the power of metal and heat to create something beautiful and durable. In this class, you will be introduced to welding equipment, and you will learn basic welding techniques and safety procedures. During the four-evening series, you will learn how to grind and cut metal and practice MIG welding, producing your own piece of metal art to take home with you. The class will utilize CSI’s new state-of-the-art mobile welding classroom. Students should wear long pants, long-sleeved shirts, close-toed shoes, and leather gloves. Other tools and materials will be provided. The instructor, Juan Martinez, is an assistant professor of welding at CSI.
Section code: XART 003 B01
Monday-Thursday • June 25-28 • 6:30-8:30 p.m. • Back lot of the Community Campus
Tuition: $210 (includes materials)

Spring Landscape Photography
Springtime in the mountains! Snow is melting, flowers are blooming, colors are surging – and the landscape presents a dynamic palette for outdoor photography. Photographer Craig Wolfrom will teach you how to use this palette as he leads you through the digital photography process in a three-part workshop. On Thursday evening, the class will meet in the computer lab to get some tips on how to compose interesting outdoor photographs. On Sunday, the class will venture out on a local moderate hike in the mountains to shoot photos in the field. On Monday, the class will re-convene in the computer lab to view their photographs and learn some basic editing techniques.
Section code: XART 001 B01
Thursday, Sunday, Monday • May 31, June 3 and 4 • 7:00-9:00 p.m. Thursday and Monday (Room 409)
4:00-7:00 p.m. Sunday (in the field) • Room 409 and in the field
Tuition: $99

BUSINESS AND NONPROFIT DEVELOPMENT

Bookkeeping with QuickBooks
If you are a business owner, a beginning bookkeeper, or your own financial manager, this class is for you! Brian Carney, a local CPA, will teach you how to create a company’s bookkeeping system from scratch using QuickBooks accounting software. You will learn how to build a solid bookkeeping foundation, create a useful chart of accounts, track revenue and expenses, manage a payroll, and more. You also will learn account reconciliation and basic financial reporting using data entered throughout the class. This is a hands-on computer bookkeeping class that includes lecture and discussion.
Section code: XMSC 044 B01
Tuesdays and Thursdays • May 22, 24, 29, 31, June 5, 7 • 9:00-11:00 a.m. • Room 409
Tuition: $150

Business Planning for Nonprofit Ventures
This seminar will focus on how to take an idea for a nonprofit venture to fruition through the development of a strong business plan. You will learn how to write a clear concept paper that lays the groundwork for a project, and you will learn the key components of a business plan to implement the concept. The goal is for the seminar to be interactive so that each participant has an opportunity to present an idea and receive comments on it. The instructor, Paul Firstenberg, J.D., has extensive experience in philanthropic enterprise. He served as chancellor of Tulane University, chief financial officer of Princeton University, and chief operating officer and trustee of Sesame Street Workshop. He has been an executive of business corporations and is an adjunct professor at the Baruch Graduate School of Public Affairs. His books include Managing for Profit in the Nonprofit World and The 21st Century Nonprofit.
Section code: XMSC 015 B01
June 19, 21, 26, 28 • Tuesdays and Thursdays • 4:00-6:00 p.m. • Room 511
Tuition: $80
COMPUTERS

Computers Made Friendly
This is the place to start if you are new to computers. The course will provide friendly, hands-on, step-by-step instruction to help you become familiar with the parts of a computer and how to perform basic operations. Your instructor, Christy Kreps, will teach you how to open and close documents, make changes to documents, access the Internet, and personalize the desktop. You are sure to leave the four-session class with more confidence to use computers.

Section code: XCMP 054 B01
Mondays and Wednesdays • 6:00-8:00 p.m. • May 14, 16, 21, 23 • Room 409 • Tuition: $90

COMPUTER BOOSTERS

These one-night computer classes are designed to boost your skills in specific areas, efficiently and enjoyably! Take one to target a particular need, or take several in a progressive series for more depth. The instructors—Christy Kreps, Teresa McGoffin, and Tim Rocco—are technology professionals with teaching experience.

1 – Master the Mail Merge
Learn how to save yourself time by using the mail merge function in Word and Excel to streamline various kinds of mailing and printing jobs.

Section code: XCMP 099 B01
Wednesday • May 9 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

2 – Excel 2: Shortcuts for Productivity
If you use Excel a little bit and want to do more, this workshop will teach you how to use several time-saving tools such as auto fill, auto sum, and the format painter tools, as well as how to use styles to make your spreadsheets look visually appealing.

Section code: XCMP 199 B01
Wednesday • May 30 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

3 – Introduction to Social Networking
Get an introductory overview of today’s popular social networking programs, including Facebook, Twitter, and blogs. Learn what they are and how you might use them to stay in touch with friends and family or to broaden your professional network.

Section code: XCMP 011 B01
Wednesday • June 13 • 6:00-8:30 p.m. • Room 409 • Tuition: $30

4 – Intro to the iPad
Tour basic features of the iPad and learn how to adjust settings, access mail, add apps, download books, organize folders, and more. Share ideas about fun and useful apps. Bring your own tablet to class.

Section code: XCMP 116 B01
Wednesday • June 20 • 6:00-8:30 p.m. • Room 511 • Tuition: $30

5 – Introduction to Publisher
Learn how to create professional flyers, brochures, business cards, and more using Microsoft’s standard desktop publishing software. You will leave the class ready to create a variety of documents for home or business use. Prerequisite: You should have a working knowledge of Microsoft Windows.

Section code: XCMP 040 B01
Wednesday • 6:00-8:30 p.m. • June 27 • Room 409 • Tuition: $30
6 – iPad 2
Move beyond the basics. Learn how to leverage iCloud and other online services. Get an overview of popular apps and review strategies to discover apps on your own. Bring your own tablet and your iPhone, too!
**Section code: XCMP 116 B02**
Wednesday • July 18 • 6:00-8:30 p.m. • Room 511 • Tuition: $30

**COOKING**

Let Them Eat Cake: Beginning Cake Decorating
A pretty cake can be the centerpiece of any occasion – adding elegance or whimsy or humor. In this hands-on workshop, you will learn how to use a variety of tools and techniques to decorate cakes. **Gloria Wieand** has more than 30 years of experience creating extraordinary wedding cakes and other specialty cakes; she is sure to inspire your own imagination. You’ll get to make your cake and eat it, too – all participants will decorate a small cake to take home. The cake and all supplies will be provided.
**Section code: XHEC 014 B01**
Monday • June 18 • 6:00-8:00 p.m. • Room 815 • Tuition: $40

Summer Cooking Series with Idaho’s Bounty
This cooking series, in partnership with Idaho’s Bounty, will focus on local food production and healthy preparation to lend flavor and fun to your summer months. You’ll get tips, recipes, and delicious samples in each one.

1 – The Art of the Salad
Get to know some greens and how to dress them! In this class, you’ll get to taste a wide array of fresh, leafy vegetables and herbs, from arugula to bok choy to radicchio, and you’ll learn how to match them with olive oils, vinaigrettes, and other creative dressing options. This is the perfect class as you are anticipating the first green shoots in your garden and the farmer’s markets.
**Section code: XHEC 010 B01**
Tuesday • May 29 • 6:30-8:00 p.m. • Campus Café • Tuition: $20

2 – Meats, en Plein Air
Do more than throw a steak on the grill for this summer’s cookouts. Get adventurous! Learn different methods and marinades for cooking up a range of meats on your patio or at a campsite.
**Section code: XHEC 010 B02**
Tuesday • June 19 • 6:30-8:00 p.m. • Outside at the Community Campus • Tuition: $20

3 – Picnic Fare
What are you packing for the symphony? Be sure your picnic basket is equal to the evening! Learn how to prepare creative finger foods that are perfect for packing to the summer’s concerts or on other outdoor excursions. This class will focus on delicious toppings for crackers and breads, as well as other tapas-style dishes.
**Section code: XHEC 010 B03**
Tuesday • July 10 • 6:30-8:00 p.m. • Campus Café • Tuition: $20
CREATIVE WRITING

Hearing Voices: Cultivating Points of View in Stories
Voices are like fingerprints – no two are the same. The blank page invites storytellers in many ways, but none so much as the call to develop interesting, unique voices, or points of view. This class will deeply examine point of view and how it is fostered. Class time will include reading examples, writing exercises, and workshop-style discussion. Instructor **Lee Stoops** is an MFA candidate in creative writing and the leader of a local flash fiction movement.

**Section Code: XMSC 044 B01**
Thursdays • May 24, 31, June 7 • 6:00-7:30 p.m. • Room 509 • Tuition: $45

HEALTH AND WELLNESS

Whole Foods as Medicine
Chronic, everyday ailments that dog you might be remedied through your diet. Understand your acid/alkaline or PH balance and the key role of live, fermented, or cultured foods to your body. The instructor, **Lisa Lintner, L.Ac., Mst.O.M.**, will show you how to minimize cravings while progressing through your dietary changes as you transform your body into a sustainable, vital ecosystem that can reduce reliance on pharmaceuticals and medical interventions.

**Section code: XMSC 037 B01**
Tuesdays • May 22 and 29 • 6:00-7:30 p.m. • Room 509 • Tuition: $30

LANGUAGE

American Sign Language
American Sign Language is a fascinating visual language that utilizes movements of the hands, face and body. It is the primary language of many North Americans who are Deaf and Hard-of-Hearing and has gained widespread popularity as a foreign language at colleges and universities. In this class, you will learn beginning conversational skills, along with the basics of Deaf Culture. **Kathy Bennett, MA, CI/CT**, has over twenty years of experience in the fields of Deaf Education and Interpreting and has a special passion for sharing this unique language.

**Section code: XLNG 002 B01**
Mondays and Wednesdays • May 14, 16, 21, 23 • 6:00-7:30 p.m. • Room 509 • Tuition: $60

OUTDOOR EXCURSIONS

Birds and Boats: A Day of Birdwatching
Bird diversity and activity peak around mid-June in the Wood River Valley. Guided by expert birder and science teacher **Larry Barnes**, you'll visit different habitats in the Wood River Valley by starting in Hailey and then carpooling south to Silver Creek Preserve. The class will begin early to catch exciting morning bird behavior and culminate in a lovely two-hour canoe trip through The Nature Conservancy’s Silver Creek Preserve. Bring your binoculars, wear your walking shoes, and pack a lunch. A $5 donation to The Nature Conservancy is requested at the time of the canoe trip.

**Section code: XHOB 011 B01**
Saturday • June 16 • 6:30 a.m.-3:30 p.m. • Meet at Community Campus • Tuition: $50
Wood River Valley Mining Tour
Mining is at the center of the Wood River Valley’s history, and by learning this history, you can learn about geology, frontier politics, the Civil War, environmental issues, and more. This two-day tour, led by historian Tom Blanchard, will begin at the Bellevue Museum and venture out from there to the surrounding mountains to visit the prominent mines of the Minnie Moore / Queen of the Hills, Bullion, Triumph, Vienna, Sawtooth City, and the Yankee Fork. The spectacular central Idaho landscape will be mapped with new meaning for you by the end of the class! The group will meet each day at 8:30 a.m. at the Community Campus and then take a van to the various sites, returning to the campus by 6 p.m. each day. Pack a lunch and snacks, and be prepared for moderate hiking. Note: Teachers may get continuing education credit for this class for an additional $21 transcripting fee.
Section code: XMSC 035 B01
Thursday and Friday • July 19-20 • 8:30 a.m.-6:00 p.m. • Meet at the Community Campus
Tuition: $99

Free community lecture to precede the tour!
“Love and Tragedy at the Minnie Moore Mine”
Thursday, June 28, 6:00 p.m. • Room 509

PHOTOGRAPHY

Digital Photography and Image Editing 1
This three-night seminar will introduce you to the basics of digital photography and image editing. This class emphasizes working with Lightroom, an image editing program. Photographer Craig Wolfrom will teach you how to take a great photo and do basic editing, such as cropping, lighting and sizing adjustments, as well as how to print photos and organize files for projects. Bring your own digital camera and familiarize yourself with it before class. Note: This class is better suited for those who use SLR (single lens reflex) cameras rather than point-and-shoot versions.
Section code: XART 001 B01
Tuesday, Wednesday, Thursday • June 5, 6, 7 • 7:00-9:00 p.m. • Room 409 • Tuition: $65

Introduction to Photoshop
This workshop is designed for intermediate photographers who have been taking photos for awhile and would like to develop more sophisticated image editing techniques. It also requires solid computer literacy skills for using Photoshop software more fully. The first evening of the 3-part course will focus on the basics of digital photography, including image formats, pixels, and image storage in Photoshop. The two remaining sessions will dig deeper into the Photoshop program. You can bring your own images to work on, or use the samples provided. The instructor is Craig Wolfrom.
Section code: XCMP 058 B01
Tuesday, Wednesday, Thursday • July 10, 11, 12 • 7:00-9:00 p.m. • Room 409
Tuition: $65

U.S. Citizenship Preparation Class
This class will help students prepare for the U.S. Citizenship exam. It will provide a fundamental overview of U.S. government and history, as well as basic literacy practice. This class is sponsored in part by a grant from the Idaho Community Foundation. Instructor: Victoria Yee
Section code: XMSC 172 B01
Tuesdays and Thursdays • May 8-31 • 7:00-8:30 p.m. • Room 513 • Tuition: $10
The Sun Valley Summer Spanish Institute is a unique week-long language immersion program. Whether you want to begin your study of the Spanish language or you want to hone more advanced Spanish skills – the Spanish Institute will help you take your Spanish to the next level and learn more about Spanish-speaking cultures.

Each morning (9 a.m. to noon) consists of academic classes (divided into levels from beginning to advanced) with speaking, listening, reading, and writing practice.

Each afternoon (1:15 to 4:30 p.m.) consists of rotating cultural workshops, grammar clinics, film screenings, and conversational intercambios, including

• Art History: José Posada and the Mexican Graphic Tradition
• People of the Andes
• Latin American Holidays
• Foods of Spain
• The Quinceañera

FRIDAY, JUNE 15
Community PASEO at the Hunger Coalition’s Hope Garden. Mariachi, ballet folklórico, Latin American foods, and more!

As one student said and hundreds have discovered, “This was the best way to spend a week!”

Find more information and registration forms online at www.csi.edu/blaine.
Tuition: $350
In the summer months, the CSI Blaine County Campus expands its programs to include science camps for schoolchildren. Kids can experience the excitement of learning from experienced teachers in small class settings.

TO REGISTER FOR A COLLEGE FOR KIDS CLASS, visit the CSI office at the Community Campus in Hailey, or call 788-2033.

ANTS AND PLANTS
Get ready to get dirty in the search for fascinating bugs and plants! Kids will embark on a series of field trips to explore various natural communities and the creatures that inhabit them. As they visit rivers, forests, ponds, meadows, and sagebrush areas throughout the Wood River Valley, they will learn about botany, geology, ecology, and more from beloved local naturalist Ann Christensen. Each child should bring a sack lunch and appropriate outdoor gear each day. This class is designed for students entering 2nd-6th grade.

Section code: YSCI 007 B01
Monday-Thursday • July 9, 10, 11, 12 • 12:00-3:00 p.m. • Meet at Hemingway Elementary, Ketchum
Tuition: $70

THE HUNGRY SCIENTIST
Grab those lab coats and kitchen aprons for this fun-filled class that will feed kids’ minds along with their stomachs. The class will do some chemistry to explore the changing, expanding, fizzing, and explosive properties of foods; to unleash the optical powers of syrups; and to discover the magical roles of ingredients as they concoct pancakes, puddings, ice cream, and more. The most important ingredient is curiosity! The class is led by certified biology and chemistry teacher Melanie Schrader, who has taught at The Discovery Center of Idaho.

Session 1 – 3rd-5th graders

Section code: YSCI 005 B01
Tuesday, Wednesday, Thursday • July 17, 18, 19 • 9:00 a.m.-12:00 p.m.
Room 404 • Tuition: $90

Session 2 – K-2nd graders

Section code: YSCI 005 B02
Tuesday, Wednesday, Thursday • July 17, 18, 19 • 1:00-4:00 p.m.
Room 404 • Tuition: $90
COMMUNITY EDUCATION THROUGHOUT SOUTHERN IDAHO!

The College of Southern Idaho serves an eight-county area, including Blaine County. To check out what is happening at other CSI campuses, go online at www.csi.edu/communityed, or call 732-6442.

Decks And Outdoor Furniture

Discover how to build that dream deck you have been thinking about all spring. As a bonus, you will learn how to dress up your new deck with some handmade furniture to match. This class will cover how to lay out a deck, which supplies to use, and what the steps are to build the deck you have imagined.

The instructor, Alan Hendry, is an experienced carpenter.

Friday, June 1, 6:00-8:00 p.m. • Saturday, June 2, 9:00 a.m.-noon • CSI North Side Center, Gooding
Tuition: $40 plus $15 demonstration fee

Basic Beer Brewing

Part home brewing class and part beer appreciation seminar, this class will teach you the methods and tricks to making good quality beer from a large variety of styles. If you like craft beer and can boil water, then this is the class for you. The instructor is Justin Baldwin.

Saturday, July 21, 1:00-4:00 p.m. • CSI North Side Center, Gooding • Tuition: $30

The Ultimate Buffalo Wing Class!

Do you love buffalo wings? Have you ever wanted to learn how to make them yourself? Well, Walt Tomlinson from Boise is your wing-man! He has been hosting his own wing-fest for many years now, making 40-60 pounds of wings each time he hosts his parties. He is finally willing to share his technique and recipe! Jane Deal will add to the class with some fun ideas for side dishes. Recipes will include traditional buffalo wings and different sauces to fit your mood.

Thursday, May 17, 6:00-8:00 p.m. • CSI Twin Falls Campus, Desert Kitchen
Tuition: $25 plus $10 supply fee paid to instructor

For more information, contact Janice Reutlinger at HaileyABE@csi.edu or 788-2033 x6933, or contact Julie Jones at 1-800-680-0274 x6534.
ACADEMICS

GO TO COLLEGE AT THE CSI BLAINE COUNTY CAMPUS! Work toward an associate’s degree. Prepare to transfer to a four-year institution. Accomplish classes for a second degree or a career change. Take an individual class to develop your expertise in a specific area.

TO REGISTER FOR AN ACADEMIC CLASS, complete 1. an application for admission (new students only) and 2. a course registration form. Students may apply and register online at wwwcsi.edu.

TUITION: Summer tuition is $110 per credit for both in-state and out-of-state students. There is no charge for academic credit for students over the age of 60. For the most current, complete tuition information, please visit the CSI website, wwwcsi.edu/tuition.

ACCOUNTING

ACCT 201 B01V – Introduction to Financial Accounting
The class stresses the use of financial information in making investment and business decisions. The course covers the primary elements of financial statements, the fundamentals of accrual accounting, a study of internal control and cash safeguards, accounting for inventories and fixed assets, the presentation and use of the statement of cash flow, and the fundamentals of long-term liabilities. The course emphasizes the uses of accounting information rather than the preparation of financial statements. Prerequisite: MATH 108 or 123. Telecommunication class.
Instructor: Dennis Heiner, M.B.A.
Mondays and Wednesdays 6:30-9:50 p.m.
June 4-July 27 Room 516
4 credits $440

ECONOMICS

ECON 201 B01V – Principles of Macroeconomics
This course includes organization and operation of the American economy, supply and demand analysis, money and banking, employment and aggregate output, public finance, and economic growth. Telecommunication class.
Instructor: John Hurley, Ph.D.
Tuesdays and Thursdays 6:00-9:50 p.m.
June 4-June 29 Room 516
3 credits $330

ENGLISH

ENGL 015 B01V – Basic English and Writing
This course is an introduction and review of basic skills and strategies needed for writing in college and the workplace, with emphasis on grammar and usage, sentence construction, and paragraph and essay development, preparing students for ENGL 090. Prerequisite: Placement test score and a departmental writing sample. Telecommunication class.
Instructor: Debra Matier, M.A.
Mon., Tues., Weds., Thurs. 7:30-9:20 a.m.
June 4-July 27 Room 516
4 credits $440

ENGL 090 B01V – Developmental Composition
This course is a study and practice of the basic concepts of composition, including paragraph and essay construction. It introduces students to
the composition process: prewriting, writing and revising. The course also emphasizes grammar, sentence mechanics, editing, and critical thinking skills. Prerequisite: ENGL 015 or equivalent placement test score and a department writing sample. Telecommunication class.

**Instructor: Kory Lloyd, M.A.**
Mon., Tues., Weds., Thurs. 7:30-8:50 a.m.
June 4-July 27 Room 515
3 credits $330

---

**MATHEMATICS**

**MATH 015 – Prealgebra**
This course emphasizes prealgebra concepts and is designed to equip students with the skills necessary to be successful in Math 025, Beginning Algebra. A review of arithmetic operations with whole numbers, integers, and rational numbers integrating algebraic concepts such as vocabulary, simplifying variable expressions, solving linear equations, order of operations, exponents, radicals, ratios and percentages. Prerequisite: Placement test score. Telecommunication class.

**Section B01V**
**Instructor: Jim Dawson, M.S.**
Mondays, Wednesdays, Fridays 12:00-1:50 p.m.
June 4-July 27 Room 516
3 credits $330

**Section B02V**
**Instructor: Kevin Jones**
Mon., Tues., Weds., Thurs. 9:30 a.m.-10:50 a.m.
May 14-June 22 Room 515
3 credits $330

---

**MATH 025 – Beginning Algebra**
This course is designed to develop basic algebra skills. It covers positive and negative integers, exponents, fractions, first-degree equations and inequalities in one variable, polynomials, evaluation of algebraic expressions, factoring, rational expressions, radicals, an introduction to graphing in a quadrant system, and operations on sets. Students are not advised to go on to the next math course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: MATH 009 or MATH 015 with ‘C’ grade or better, or placement test score. Telecommunication class.

---

**MATH 144 B01V – Trigonometry**
This course covers right triangle and circular function approaches to trigonometry, graphs of trig functions, trig identities, conditional equations, right and non-right triangle applications of trigonometry, inverse trig functions, trigonometry of complex numbers including DeMoivre’s Theorem, polar coordinates and equations, parametric equations. Students desiring both college algebra and trigonometry should take MATH 147. Credit hours are not granted in both MATH 144 and MATH 147. Prerequisite: MATH 143 with a grade of ‘C’ or better, CSI placement test score, or permission of instructor. Telecommunication class.

**Instructor: Thomas Atkin, M.S.**
Mon., Tues., Weds., Thurs. 1:00-1:50 p.m.
June 4-July 27 Room 515
2 credits $220

---

**NURSING ASSISTANT**

**NURA S031 B01 – Heartsaver CPR and First Aid**
Cardio Pulmonary Resuscitation and the Standard First Aid course are delivered. CPR methods for infants, children, and adults are included.

**Instructor: Molly Fox**
Monday 5:00-9:50 p.m.
May 21 Room 404
0 credits $55
PSYCHOLOGY

PSYC 101 B03A – General Psychology
This survey course is an introduction to psychology. Psychology is the scientific study of thinking, emotion, and behavior. This course introduces students to the diverse research areas of psychology such as psychobiology, motivation, learning, cognitive and social processes, and abnormality, emphasizing empirical findings of the discipline. This class is a hybrid course, involving a weekly class meeting (via the telecommunication system) and online work. Instructor: Shilo Smith, M.S.
Mondays 11:00 a.m.-12:50 p.m.
May 14-June 22 Room 515
3 credits $330

SOCIOLOGY

SOCY 101 B01V – Introduction to Sociology
This course presents the basic concepts, principles, and processes in sociology along with an introduction to material relating to culture, social interaction, institutions and social change. Instructor: Matthew Reynolds, M.S.
Mon., Tues., Weds., Thurs. 6:00-7:50 p.m.
June 4-July 27 Room 515
3 credits $330

HOW TO REGISTER FOR CLASSES

ACADEMIC PROGRAMS
To register for an academic class as a new or returning student, visit the CSI website at www.csi.edu. You can complete an application for admission and a course registration form online, or you can visit the CSI office at the Hailey campus.

ENRICHMENT PROGRAMS
To register for an enrichment class, visit the CSI office at the Community Campus in Hailey, or call 788-2033 to register over the phone.

IF YOU'RE THINKING ABOUT STARTING SCHOOL THIS AUGUST. . .

1. Go to www.csi.edu and submit the application for admission online. You will receive your CSI identification number within 48 hours by e-mail.

2. Call the Blaine County office, 788-2033, and make an appointment to take the college placement test (COMPASS) and to meet with an academic advisor.

3. Register for classes online through MyCSI and fill out your certificate of residency form. Print out and bring your completed residency form to our office.

4. Apply for financial aid and scholarships. Apply for federal financial aid at www.fafsa.ed.gov. Apply for a Blaine County scholarship by picking up an application form at our office.

Visit the CSI Blaine County Campus!
We’ll help you get started, and we’ll help you keep going!

FALL SEMESTER BEGINS AUGUST 27.
The application deadline for Blaine County scholarships for the FALL 2012 semester is MAY 11.
Get the application at the office or online at www.csi.edu/blaine.

Mission Statement:
The College of Southern Idaho, a comprehensive community college, provides educational, social, cultural, economic, and workforce development opportunities that meet the diverse needs of the communities it serves. In this rapidly changing world, CSI prepares students to lead enriched, productive, and responsible lives in a global society.
