CREDIT COURSES
Register for North Side credit courses in person at the North Side Center, or at the Matrix, located on the first floor of the Taylor Administration Building in Twin Falls, or online at www.csi.edu. A full listing of all CSI courses is also available online.

Do you want the information but don’t need the credit? If you don’t want to worry about tests or grades, tell us when you register that you want to audit the course. (Same course fee applies.)

*Non-degree seeking students age 60 and older enrolled in credit courses—your tuition is FREE!! *

*(Textbooks not included).*

Medical Terminology
This course is designed to introduce the student to the fundamentals of medical terminology. It includes word structure of basic medical/surgical terms and procedures, body parts and organs, selected medical specialties, and commonly used medical abbreviations.

**ALLH 101—N03V**
Wednesday Aug. 24 to Dec. 14
5-6:50 p.m. North Side Center
$220 plus books 2 credits
Instructor: Kurt Hefner

Fundamentals of Oral Communication
COMM 101 is a course intended to improve your communication abilities in a variety of academic, social, personal and business settings. Emphasis is placed on the communication process, public address, small group discussion, and listening.

**COMM 101—N03V**
Tues., Thurs. Aug. 23 to Dec. 15
1-2:20 p.m. North Side Center
$330 plus books 3 credits
Instructor: Dayle Ohlau

Basic English and Writing
This course is an introduction and review of basic skills and strategies needed for writing in college and the workplace, with emphasis on grammar and usage, sentence construction, and paragraph and essay development, preparing students for ENGL 090. Prerequisite: placement test scores and a departmental writing sample.

**ENGL 015—N01V**
M., Tu., W., Th. Aug. 22 to Dec. 15
10-10:50 a.m. North Side Center
$440 plus books 4 credits
Instructor: Kimberly Jones

Developmental Composition
This course is a study and practice of the basic concepts of composition, including paragraph and essay construction. It introduces students to the composition process: prewriting, writing and revising. This course also emphasizes grammar, sentence mechanics, editing, and critical thinking skills. Prerequisite: ENGL 015 or placement test score and departmental writing sample.

**ENGL 090—N02V**
Wednesday Aug. 24 to Dec. 14
7-9:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Ginger Cooper

English Composition 1
English 101 emphasizes the process and strategies of writing with critical attention to purpose, audience, and style. Students write analytical essays based on readings, observations, and ideas; develop their inventiveness and voice; and edit for style and conventions of standard usage. This course introduces MLA format. Prerequisite: ENGL 090 or placement test score and departmental writing sample.

**ENGL 101—N01**
Tuesday Aug. 23 to Dec. 13
6-8:50 p.m. Wendell High School
$330 plus books 3 credits
Instructor: Ann Lorraine Smith

Principles of Microeconomics
Principles of governing production, price relationships, and income distribution and their applications to selected problems.

**ECON 202—N01V**
Monday Aug. 22 to Dec. 12
7-9:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Mike Pohanka

Personal Finance
This is an introductory course highlighting personal financial planning including: goal setting, budgeting, tax planning, housing, consumer credit, buying automobiles, insurance protection, retirement planning, and an introduction to investing. Projects encourage students to apply course concepts to their own situations.

**FINA 102—N01V**
Mon., Wed., Fri. Aug. 22 to Dec. 14
11-11:50 a.m. North Side Center
$330 plus books 3 credits
Instructor: Crystal Ayers

The College of Southern Idaho is sensitive to and understanding of its responsibilities to the equal access, accommodation, and support of individuals with disabilities.

Western Civilization 1
This course analyzes important developments which contributed to the formation of the West, including the Ancient Near East, Greece, Rome, the Middle Ages, and Early Modern Europe to 1648.
HIST 101 – N04V
Mon., Wed., Fri. Aug. 22 to Dec. 14
8-8:50 a.m. North Side Center
$330 plus books 3 credits
Instructor: Samra Culum

Prealgebra
This course emphasizes prealgebra concepts and is designed to equip students with skills necessary to be successful in MATH 025 Beginning Algebra. A review of arithmetic operations with whole numbers, integers, and rational numbers integrating algebraic concepts such as vocabulary, simplifying variable expressions, solving linear equations, order of operations, exponents, radicals, ratios and percentages. Prerequisite: placement test score.
MATH 015 – N02V
Tues., Thurs. Aug. 23 to Dec. 15
11 a.m.-12:20 p.m. North Side Center
$330 plus books 3 credits
Instructor: Jim Dawson

Beginning Algebra
This course is designed to develop basic algebra skills. It covers positive and negative integers, exponents, fractions, first degree equations and inequalities in one variable, polynomials, evaluation of algebraic expressions, factoring, rational expressions, radicals, an introduction to graphing in a quadrant system, and operations on sets. Prerequisite: MATH 015 with ‘C’ grade or better, or placement test score.
MATH 025 – N01V
Tues., Thurs. Aug. 23 to Dec. 15
8:30-9:50 a.m. North Side Center
$330 plus books 3 credits
Instructor: Kevin Jones

Intermediate Algebra
This course is designed to prepare the student for college algebra. It covers first-degree equations and inequalities, linear functions, system of linear equations, polynomials, factoring, rational expressions, negative and rational exponents, radicals, quadratic equations, graphing functions, logarithms, and application problems. Prerequisite: MATH 025 with a grade of ‘C’ or better, or placement test score.
MATH 108 – N01V
Tues., Thurs. Aug. 23 to Dec. 15
3:30-5:20 p.m. North Side Center
$440 plus books 4 credits
Instructor: Ron Cresswell

Intermediate Algebra
This course is designed to prepare the student for college algebra. It covers first-degree equations and inequalities, linear functions, system of linear equations, polynomials, factoring, rational expressions, negative and rational exponents, radicals, quadratic equations, graphing functions, logarithms, and application problems. Prerequisite: MATH 025 with a grade of ‘C’ or better, or placement test score.
MATH 108 – N01V
Tues., Thurs. Aug. 23 to Dec. 15
3:30-5:20 p.m. North Side Center
$440 plus books 4 credits
Instructor: Ron Cresswell

Over 60 and Getting Fit
Over 60 and Getting Fit is a course designed to address the fitness needs of the mature adult: cardiovascular activities—walking and/or other low intensity aerobic movement, and flexibility and strength training using resistance bands. Participants are encouraged to do only those activities appropriate for their individual needs. A medical release is required to participate. Those age 60 and older attend for FREE!
PHYA 156 – N01
Mon., Wed., Fri. Sept. 12 to Dec. 14
9-9:50 a.m. ISDB Gym, Gooding
$110 1 credit
Instructor: Staff
PHYA 156 – N03
Mon., Wed., Fri. Sept. 12 to Dec. 14
9-9:50 a.m. Shoshone High School
$110 1 credit
Instructor: Jalyn Shaw

Math in Modern Society
This survey course provides an opportunity to acquire an appreciation of the nature of mathematics and its relation to other aspects of our culture. The course is rigorous but not rigid and applies mathematics to real-world problems. Prerequisite: MATH 025 with a grade of ‘C’ or better, or placement test score.
MATH 123 – N01V
Mon., Wed., Fri. Aug. 22 to Dec. 14
9-9:50 a.m. North Side Center
$330 plus books 3 credits
Instructor: Paul Morgan

Survey of Jazz and Pop Music
This course studies the development of jazz and popular music in the United States. Jazz, blues, folk, rock and other popular music forms will be heard and studied along with important instrumentalists, singers, and band composers. Important historical and social events which paralleled the development of jazz and popular music will also be discussed. Some live and recorded demonstrations of musical style periods will be presented.
MUSI 108 – N01V
Monday Aug. 22 to Dec. 12
4-6:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Brent Jensen
Survey of Astronomy
This course involves the study of solar and stellar astronomy. The relationship of astronomy to the other sciences is stressed. Topics include history of astronomy, motions of celestial bodies, earth, moon, planets, astronomical instruments and methods, spectra, stars, unusual stars, galaxies, and cosmology. Corequisite: PHYS 101L
PHYS 101 – N01V
Tuesday Aug. 23 to Dec. 13
7-9:20 p.m. North Side Center
$440 plus books 4 credits
Instructor: Wallace Blacker

Survey of Astronomy Lab
This is a required lab class for PHYS 101-N01V.
PHYS 101L – N01V
Thursday Aug. 25 to Dec. 15
7-9:30 p.m. North Side Center
$0 0 credit
Instructor: Wallace Blacker

Basic Reading
This course is designed to increase reading proficiency by deepening dictionary skills, improving vocabulary-learning strategies, identifying patterns of organization, locating main ideas and supporting details, and increasing comprehension. Students are not advised to take the next reading course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: placement test score.
READ 015 – N01V
Mon., Wed., Fri. Aug. 22 to Dec. 14
2-2:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Margaret Peck

Building College Vocabulary
This course is designed to increase the vocabulary of students so that they may be better equipped for college and the workplace. Students develop skills in dictionary use, context clues, word derivatives, and word usage. Prerequisite: placement test score.
READ 035 – N01V
Mon., Wed., Fri. Aug. 22 to Dec. 14
1-1:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Betty Slifer

Reading Development
This course is designed to enhance basic reading skills in order to accommodate college-level reading assignments. Particular attention is given to finding stated and implied main ideas as well as advancing critical reading skills. Students are not advised to take the next reading course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: READ 015 or equivalent test score.
READ 090 – N03V
Tues., Thurs. Aug. 23 to Dec. 15
5:30-6:50 p.m. North Side Center
$330 plus books 3 credits
Instructor: Kathleen Hayden

FREE!
Advising & Financial Aid Workshop
The North Side Center will hold an advising/financial aid workshop in Gooding. This workshop will focus on providing students with advising and registration information and the process for obtaining financial aid and scholarships. The Student Advisor will cover topics such as how to become a student, the placement process, program and course advising, the registration process, and course availability at the North Side Center and other CSI locations. The advisor from the Financial Aid Department will explain how to apply for scholarships and financial aid, eligibility requirements, types of financial aid, and provide hands-on assistance with the online application process. Ample time will be allotted for answering questions, including those specific to your individual situation. Prospective students, current students, parents and other interested persons are encouraged to attend.

Thursday, November 3
10 a.m. to noon
North Side Center 202 14th Ave. East, Gooding, ID
Free! But please call (208) 934-8678 to reserve your spot.
Fall Flavors and Holiday Entertaining
Chrys Stephenson and Jane Deal of Sweet Deal Catering and Sweet Inspiration in Gooding invite you to an evening of great food and atmosphere as you discover how to create new dishes for you, your family, and your holiday company. In this demonstration class, Chrys and Jane will show you how to incorporate your garden’s bounty into seasonal recipes, and you’ll sample the delicious results. They will be using fresh herbs, fruits and vegetables in a variety of recipes that will tantalize the taste buds of your family and friends. (1 session)
XHEC 010—N02
Thursday               Sept. 29
7-9 p.m.                             $30
Sweet Inspiration, 438 Main St., Gooding
Instructors: Chrys Stephenson & Jane Deal

Dutch Oven Turkey
Are you tired of the same old routine when it comes to holiday cooking? Do you want to learn some new ways to use all those leftovers? Why not try cooking that holiday bird in a Dutch oven and see how versatile and fun they are to use. Well-known instructor Colleen Sloan shares her expertise and a taste of history while teaching you how to season, cook with, clean and store Dutch ovens. You’ll create a variety of Thanksgiving dishes to enjoy in class, and receive free recipe handouts so you can try them at home—just in time for a family gathering. If you’ve taken this class before, join us again. There are always different foods, helpful tips from Colleen, and new cast iron products to see. Please bring a non-alcoholic beverage to enjoy with your food. (1 session)
XHEC 010—N01
Tuesday               Nov. 22
6:30-9 p.m.                  North Side Center
$20                              0 credit
Instructor: Colleen Sloan

Watercolor with Roy Mason
Wet your brushes and join award-winning watercolor artist Roy Mason in this popular class. You’ll learn how watercolor works; how to mix watercolors; and how shapes, spaces, line movement and color composition work together to make a pleasant, well-balanced painting. This course is for both beginning and intermediate students. Space is limited to twelve students, so please register early to reserve a spot. Don’t miss this great opportunity to learn from one of the best. Information on supplies will be given at time of registration. (6 sessions)
XART 007—N01
Thursday               Sept. 29 to Nov. 3
6-9 p.m.                  Wendell High School
$75 plus supplies                              0 credit
Instructor: Roy Mason

Beginning Drawing
Have you thought about learning to draw but just didn’t know where or how to start? Your problem is solved. Using both plain and charcoal pencils, instructor Kurt Pierson will teach you the basics of shading and three-dimensional drawing. You’ll practice these techniques as you focus on human figures and animal characters. If you’ve taken this class before, you’re encouraged to sign up again and improve your skills. Please bring 12 x 18 heavyweight charcoal paper. All other supplies will be provided. (4 sessions)
XART 004—N01
Thursday               Nov. 10 to Dec. 8
7-9 p.m.                  North Side Center
$40                              0 credit
Instructor: Kurt Pierson
**Spin It**
Create your own beautiful, hand-spun yarns. Using a low-tech, low cost drop spindle, you’ll learn the art of drafting, spinning, adding on more fiber, plying, and setting twist. When you’re finished you’ll have the satisfaction of knowing you created your own yarn for use in knitting, crocheting, and weaving. This is a family friendly class so kids are welcome to enroll with parents although the same course fee applies. There is a $20 materials fee payable to the instructor at class. (1 session)

**XHEC 007—N01**
Thursday Aug. 25
6-9 p.m. North Side Center
$20 plus supplies 0 credit
Instructor: Desiree Thompson

**XHEC 007—N02**
Tuesday Sept. 27
6-9 p.m. North Side Center
$20 plus supplies 0 credit
Instructor: Desiree Thompson

**The Art of Weaving**
The art of weaving is not lost in this new, hand-on class. After an introduction to weaving from instructor Desiree Thompson, you’ll learn yarn calculations, color patterning, and how to make and prepare warp, and then finish the ends as you create a beautiful scarf. Techniques on how to create larger projects and fix any mistakes or broken threads will also be demonstrated. A $50 materials fee is payable to the instructor at the first class session. (3 sessions)

**XHEC 016—N01**
Friday Sept. 9 to 23
6-9:30 p.m. North Side Center
$30 plus supplies 0 credit
Instructor: Desiree Thompson

**No Fear of Dyeing**
With safety as a priority, you will learn the process of preparing and dyeing yarns, fabrics and fibers to create different colors, variations, and patterns that will make any project special. Please bring 8 to 16 oz. of natural white or off-white yarn made from 100% wool, alpaca, mohair, angora, silk or a combination of these fibers. There is a $20 materials fee payable to the instructor at class. (1 session)

**XMSC 192—N01**
Tuesday Sept. 20
6-9:30 p.m. North Side Center
$20 plus supplies 0 credit
Instructor: Desiree Thompson

**Knot Just Knitting**
Whether you are a brand new knitter or a seasoned pro, you can learn to create beautiful projects. If you’re a beginner, instructor Pat Hamilton will get you started with two basic stitches that can be used to make a variety of items. Or she can help you with finishing or adding flair to a project you’ve started on your own. For more advanced knitters, how about learning to felt, do cables, intarsia, socks or Fair Isle? You can also learn how to make knitted toys, flowers, and other embellishments. This class satisfies every level of knitter. Supplies may purchased from the instructor at the first class session. **Deadline for registration is Sept. 26.** (6 sessions)

**XHEC 017—N01**
Mon., Tues. Oct. 3 to 24
No class 10/10
7-9 p.m. North Side Center
$30 plus supplies 0 credit
Instructor: Pat Hamilton
Fused Glass Pendant
Join us for three fun-filled hours learning the basics of kiln-formed glass. Robin Dober, owner and operator of Hands On in Twin Falls, will introduce you to fused glass, beginning with a bit of fusing history and vocabulary, cutting and breaking basics, pendant designs and information on turning your fused glass pieces into fabulous jewelry items. You will then create four of your very own multi-layered glass pendants, using stringer, iridized, dichroic and other glasses. Your pendants will be fired and ready for pick up one week later for you to wear or give to friends and family as personalized gifts. A $40 materials fee is payable to the instructor at class. (1 session)
XART 039—N01
Wednesday Oct. 5
6-9 p.m. North Side Center
$25 plus supplies 0 credit
Instructor: Robin Dober

Silver Clay Jewelry and Beading
Make an attractive multi-dangle necklace or bracelet while instructor Robin Dober, owner/operator of Hands On in Twin Falls, teaches you about silver clay, basic bead stringing techniques, and how to crimp using crimping pliers. With silver clay, anyone can create pure silver heirloom quality works of jewelry art with no prior experience. It only takes a few hours and you’ll walk out with your very own customized pieces that may be used as pendants for a necklace or charms for a bracelet/anklet. There are hundreds of designs available or you can even use your fingerprint or our BuildAWord™ stamps to create text for names, quotes, lyrics, sayings, verses and more. Come create a gift for that special someone or make a fabulous necklace or bracelet that will make your friends jealous! A $40 materials fee is payable to the instructor at class. (1 session)
XART 039—N02
Wednesday Oct. 12
6-9 p.m. North Side Center
$25 plus supplies 0 credit
Instructor: Robin Dober

Design Elements for Beginners
Whether you enjoy painting, drawing, quilting, beading, or another form of creative expression, this new course will provide a springboard for your next project. Bring your favorite magazine to class and instructor Karen McClure will show you a quick way to get ideas for projects and develop the ideas, using color and design principles, to create your one-of-a-kind work of art. You’ll learn how elements of design provide unlimited creative possibilities for any art medium. (1 session)
XART 036—N01
Wednesday Oct. 19
7-9 p.m. North Side Center
$20 0 credit
Instructor: Karen McClure

Starry Night Snowman Wall Hanging
Christmas is just around the corner, so fire up your sewing machine and join us for this make-and-take class. Using simple elements such as buttons and batting on fabric, you’ll create a whimsical snowman wall hanging that is perfect for gift-giving—but you’ll like it so well, you may want to keep it for yourself! The completed wall hanging measures approximately 15 x 20 inches. Just bring your sewing machine and black and white thread; instructor Karen McClure will provide all other needed supplies for a $7 fee payable to her at class. (1 session)
XHOB 041—N01
Wednesday Nov. 9
7-9 p.m. North Side Center
$25 plus supplies 0 credit
Instructor: Karen McClure
Understanding Your Digital Camera
Creating beautiful digital photographs can be fun and rewarding, even if you’re a beginner. Start by getting to know your camera and how to use all of those intimidating features. Gain control over your images through correct composition, light and exposure, and discover innovative shooting techniques that will amaze you. By bringing your guided weekly assignments on a USB drive, you’ll receive interactive feedback from instructor Rod Mathis and other students.

(6 sessions)
XART 001—N01
Monday Sept. 12 to Oct. 24
No class 10/10
7-9 p.m. North Side Center
$69 0 credit
Instructor: Rod Mathis

Digital Photography—Beyond the Basics
Do you want your digital photography to go from instant aggravation to instant gratification? This course is designed for intermediate digital photographers who want to punch up their images by understanding and applying a variety of techniques. Instructor Rod Mathis will cover the essential elements of composition, how to find the best light, improving your histogram with fill flash, motion effects, depth of field, selective focus, and using the polarizer. Some class time will be spent practicing the techniques you are learning and you’ll also have a weekly photo assignment that you will bring to class on a USB drive for review and critiquing.

(6 sessions)
XART 001—N02
Monday Nov. 7 to Dec. 12
7-9 p.m. North Side Center
$69 0 credit
Instructor: Rod Mathis

Perfecting Digital Photos
Take this class before you spend all the time and money putting your photos in a scrapbook. Instructor Linda Muck will teach you how to crop, remove red eye, make corrections to the light, clone to remove elements, and make other enhancements to digital photographs. You’ll be proud to show off your scrapbooks with photos that look like they have been professionally touched up.

(1 session)
XCMP 058—N01
Wednesday Oct. 5
7-8:30 p.m. North Side Center
$18 0 credit
Instructor: Linda Muck

Digital Scrapbooks
You love your new digital camera and have filled the memory card with pictures, but now what? It’s time to get them out of the camera and get them organized! Using a free download of album-making software, you’ll learn the basics of designing an eye pleasing page and adding your story to the pages. You’ll see how you can easily and quickly assemble a keepsake book on your computer using templates and image editing tools. The finished product will have all the special paper, journaling and other options that are used with regular scrapbooking, with no scissors or glue involved. Instead of duplicating pictures to make more than one album, you can just upload your project and print as many copies as you need. This is great for heritage projects, baby albums or any other photos that you want to share. Please bring a CD of your own photos to use during class.

(1 session)
XMSC 166—N01
Tuesday Nov. 15
7-8:30 p.m. North Side Center
$18 0 credit
Instructor: Linda Muck

Photo Quilt
Turn your fabric designs into permanent washable creations while maintaining the natural feel of the fabric. Instructor Jenny Koski will introduce you to the process of putting photos on fabric as you explore how to create blocks for memory quilts, labels and much more using pretreated fabric sheets in an inkjet printer. You’ll also learn the techniques of designing photo quilt blocks into a variety of patterns. Bring your photos in digital format and go home with a treasured memory on fabric.

Computers Made Simple
Join us for this hands-on class and see how computers can make your life a little easier. In this beginner’s course, you’ll learn computer vocabulary; practice creating, editing and managing Word documents; and learn the basics of Outlook. Navigating the Internet and sending, receiving, and forwarding e-mails and attachments will also be covered. This will all be done in a relaxed, non-threatening environment with help from instructor Wendy Willet. (6 sessions)

XCMP 049—N01
Thursday Sept. 1 to Oct. 6
10-11:30 a.m. North Side Center
$60 0 credit
Instructor: Wendy Willet

Basics of Excel
Whether for business or for personal use, spreadsheets are a helpful way to keep data organized. Using Microsoft Excel, you will create and edit simple worksheets with formulas and text, and learn to change the overall look of your worksheets with formatting and graphics. This hands-on training in practical applications of Excel will be the key in managing your data. You must have basic keyboarding skills to enroll. (4 sessions)

XCMP 052—N01
Thursday Oct. 6 to 27
6:30-8 p.m. North Side Center
$60 0 credit
Instructor: Wendy Willet

Computers Made Simple 2—Moving On
Don’t stop learning now! Building on information from the first class, instructor Wendy Willet will help you explore MS Word, Excel, e-mail and the World Wide Web in greater depth. The knowledge and confidence you obtain in your skills will cumulate into completion of a short final project. This will all be done in a relaxed, non-threatening environment. (3 sessions)

Thursday Oct. 13 to 27
10-11:30 a.m. North Side Center
$50 0 credit
Instructor: Wendy Willet

Excel 2—Beyond the Basics
If you have used the Excel spreadsheet program before but want to be able to do more with complex formulas and charts, then this class is what you need. Taught by instructor Randy Bow, this class will help improve your skills and expand your knowledge of formatting and graphics to change the look of your spreadsheets. You’ll learn to create more complex formulas, use look-up tables, and incorporate charts and graphs to more fully utilize the number-crunching power of Microsoft Excel. You must have basic Excel and keyboarding skills to enroll. (4 sessions)

XCMP 052—N02
Thursday Nov. 10 to Dec. 8
6:30-8 p.m. North Side Center
$60 0 credit
Instructor: Wendy Willet

Creative Cards
Hallmark® beware! Learn how to design your own photo cards, invitations, announcements, and recipe cards for any event or holiday. Instructor Linda Muck will show you how to add your own personal touch with fun text boxes, fonts, design ideas, and embellishments. You’ll also learn how to download your projects to online print sources. Think of all the money you’ll save and all the fun you’ll have being creative! (1 session)

XMSC 170—N01
Tuesday Sept. 27
7-8:30 p.m. North Side Center
$18 0 credit
Instructor: Linda Muck

HTML—The Nuts and Bolts of a Web Page
To create your own web page you need to understand HTML, the language of web pages. You’ll be introduced to the structure of HTML documents, good markup techniques, and the concept of valid HTML 4 and HTML 5 web sites. You’ll use various text-based tools to create web pages and load them to your own local web server. Topics will include text and graphics formatting, using lists, styling with CSS, and a brief foray into JavaScript. This course is designed for the student with little or no working knowledge of creating web pages. You must have basic keyboarding skills to enroll. (4 sessions)

XCMP 167—N01
Wednesday Oct. 12 to Nov. 9
6:30-8:30 p.m. North Side Center
$69 0 credit
Instructor: Randy Bow

Getting More From QuickBooks
Using QuickBooks to organize and manage your business finances will be much easier after you’ve taken this new course. After quickly reviewing information on setting up your company books; entering typical customer, vendor, and payroll transactions; and reconciling bank and credit card accounts, instructor Bonnie Marshall, C.P.A., will move beyond the basics and address those specific, and often annoying problems that stop you dead in your tracks. (3 sessions)

XCMP 051—N01
Tuesday Oct. 11 to 25
6:30-9 p.m. North Side Center
$75 0 credit
Instructor: Bonnie Marshall

Introduction to Woodworking
This class has been a huge success so we’re offering it again! If you like the smell of sawdust and the buzz of the power saw then this class is for you. Instructor Bill Perry will inspire you with his passion as he teaches you about wood, basic design, measurement and purchasing, power tool and hand tool safety, and operational procedures of power equipment as you complete an individual project. Women remember—woodworking is not just for men! Materials will be available for purchase at class. You will also pay the instructor a $10 supply fee at the first class session. (10 sessions)
CABW S009 – N01
Tuesday Sept. 13 to Nov. 15
6:30-9:30 p.m. GHS. Voc. Ed Bldg.
$110 plus supplies 0 credit
Instructor: Bill Perry

Advanced Woodworking
Here’s your opportunity to learn advanced woodworking skills and continue what you started in the first course. You’ll be amazed at the beautiful and artistic wood pieces you can create. Instructor Bill Perry will inspire you to perfect your skills with both power tools and hand tools as you complete your individual project. Operational procedures and safety of equipment will once again be emphasized. If you did not take the first class, instructor permission for this class is required. Materials will be available for purchase at class. You will also pay the instructor a $10 supply fee at the first class session. (10 sessions)
CABW S009 – N02
Wednesday Sept. 14 to Nov. 16
6:30-9:30 p.m. GHS. Voc. Ed Bldg.
$110 plus supplies 0 credit
Instructor: Bill Perry

Country Swing
If you need a fun night out, put on your dancing shoes and get ready to swing—country style. You’ll learn the basic steps of this dance that is popular with people of all ages. Men will be taught to lead and women to follow with plenty of time to review and ask questions. Your instructors, Reid and Danielle Lofgran, have been successful in teaching even the most rhythmically challenged students to dance. Please wear smooth-soled shoes (no athletic shoes) and you must sign up with a partner. (3 sessions)
XDAN 004 – N01
Tuesday Sept. 20 to Oct. 4
6-8 p.m. $25 per person
Gdg. Middle Schl. Cafeteria
Instructors: Reid & Danielle Lofgran

Introduction to Concealed Carry
Get informed about your rights and responsibilities when it comes to carrying a gun. Sgt. Dave Kiger, instructor, will cover current Idaho laws, gun laws in other states, and safety issues. Range practice on Saturday will focus on trigger control, target alignment and holster requirements. You must furnish your own gun on Saturday which is in compliance with concealed weapon laws, along with ammunition, safety glasses and ear protection. Following range practice, Sgt. Kiger will provide you with a Certificate of Completion and, if desired, all the forms you need to apply for a concealed weapons permit at the sheriff’s office. You must be 21 years of age or older to participate. (3 sessions)
XHOB 009 – N01
Tues., Thurs., 7-9 p.m. Sept. 13 to 17
Sat., 8 a.m.-noon North Side Center
$60 0 credit
Instructor: Sgt. Dave Kiger

Golf Clinic
Are you struggling with your golf game? PGA professional Troy Vitek will help you improve your consistency from one shot to another by teaching you the proper techniques of a full golf swing using both irons and woods. You’ll also get instruction on your short game and practice chipping and putting around the green. Class size is small so you will get plenty of one-on-one instruction and practice time on the course. Bring your clubs and join us on the course! (1 session)
XPED 002 – N01
Tuesday Sept. 20
9:30-11:30 a.m. North Side Center
$24 0 credit
Instructor: Troy Vitek
Finally Home-Home Buyers Workshop

This course is specifically designed for first-time, low-to-moderate income home buyers and addresses some of the issues that potential home owners face as they take the steps to purchasing a home. The Finally Home Homebuyer Education program is an eight-hour program that takes participants from the “Can I and do I want to become a homeowner?” to “How do I maintain this important investment?” Potential homeowners learn the steps involved in making their biggest investment, including: who are the key players in the home buying process; why is good credit important; how to fix bad credit; how to apply and qualify for a loan; how to shop for a home; what happens at closing; the financial benefit of home ownership; how to avoid delinquencies, defaults and foreclosure and much more. Course graduates will receive a certificate of completion that can potentially help qualified borrowers take advantage of special programs offering down payment or closing cost assistance, the use of gifted funds or more generous debt ratios. For more information please call (208) 732-6442.

(1 session)
XMSC 034—C03V  
Tuesday Nov. 19  
8 a.m.-5 p.m. North Side Center  
$20 0 credit

Understanding the Public Land Survey System

The Public Land Survey System (PLSS) is used in every state west of the Mississippi to locate and describe property. Learn how and why the PLSS was established, how to locate property described by it, and get some tips that will help you locate and map property using online tools. This course will be useful for real estate and title professionals, mappers, bankers, attorneys, and anyone who wants to understand land descriptions such as those in land deeds or public notices.

XBUS 199—N01  
Tuesday Nov. 1  
8 a.m.-noon North Side Center  
$40 0 credit

Instructor: George Yerion

FREE! Career Counseling Day

The CSI North Side Center will hold a career counseling day at the North Side campus in Gooding. The day will consist of two workshops that will provide practical skills, direction, and motivation for people who find themselves job searching right now. From 9:30 a.m. to noon, you will investigate what kinds of jobs fit your talents and personality through a career exploration workshop. You will discuss job options in a small group with a facilitator, and then take several online inventories that will help you assess your interests and possible job matches. From 1 to 3:30 p.m., you will participate in a job-seeking skills workshop that will provide helpful tips for the job search process, such as how to prepare a resumé and how to present a strong interview. Register for one or both workshops.

Tuesday, October 25  
9:30 a.m.-noon & 1-3:30 p.m.  
North Side Center  
202 14th Ave. East, Gooding, ID  
Advance registration is requested.

Please call (208) 934-8678 to register.
Kids’ Rockin’ Bowl
Grades 2 to 5
Rock out as you bowl! You’ll learn the rules of the game, how to hold the ball, bowling etiquette, and get some tips on how to throw strikes. After the group lesson, the place really gets rockin’ as the lights go out and the music starts. You’ll also get a small drink and candy from the Ranch Bowl’s snack bar once the group lesson is finished. You must wear socks.
(1 session)
