North Side Center

SUMMER 2012
Community Education Courses

Register for North Side Community Education courses by stopping by or calling the North Side Center, or at the Matrix on the first floor of the Taylor Administration Building. All courses have limited enrollment, and preregistration is required.

**Adult Enrichment Courses**

**Beyond Beginning Excel**
Most computer users can make a spreadsheet, but many are missing out on the tools available to them through a greater understanding of excel. Learn to create formulas, comparisons, charts and more, which will allow you to organize your work and in the end make your tasks easier. Take your knowledge of excel beyond beginning!

**Scratching the Surface!**
Got and itch to try a new art medium? Scratchboard art can relieve that creative itch. Scratchboard art uses a hardboard that has been covered with fine white clay and sprayed with black india ink. The image is scratched through the ink to reveal the white surface below. Instructor Jenny Etches will guide you in learning scratchboard basics in the first class and will introduce additional scratching tools and the use of color in the second session. No matter your skill level in drawing, you can achieve a pleasing result. *Students must bring an x-acto knife and a fine black marker pen to class. All other materials are provided by the instructor.*

**Watercolors with Roy Mason**
Wet your brushes and join Roy Mason, award-winning watercolor artist. You’ll learn how watercolor works; how to mix watercolors; and how shapes, spaces, line movement and color composition work together to make a pleasant, well-balanced painting. This course is for both beginning and intermediate students. Space is limited to twelve students, so please register early to reserve a spot. Information on supplies will be given at time of registration. Don’t miss this great opportunity to learn from one of the best. *Supply list is available at the CSI North Side Center.*
