Storytelling for Nonprofits with Nancy Buffington
How many pie charts and bullet points does it take to turn on an audience? Um, right. Too much pie and too many bullets are rarely a good thing, as a general principle. When it comes to getting people to really engage with you and your nonprofit, a story beats a pie chart hands down. But how do you tell an engaging story? And which story do you tell? In this interactive workshop, we’ll explore what happens when the ancient art of storytelling takes on your organization’s needs. Come ready to absorb, think, write, speak and laugh! A Nonprofit Story Slam just might be had at the end.
