Make Study... ...a Habit

Academic Classes - page 2
Community Education Classes - page 4
Summer Spanish Institute - page 8
Dear Friends,

Some habits are good to shed, and summer can be the perfect time to do so. Our regular routines unravel in the long stretches of sunshine . . . . We meander along the bike path, dangle our feet in Redfish Lake, linger by the skate park licking ice cream cones. Our schedules change, and so our habits do, too.

But even in the midst of summer’s lovely languor, some habits are good to maintain:

   Eat fruits and vegetables.

   Exercise.

   Say please and thank you.

   And study. Something. All the time.

Learning is not a single act; it’s not something you check off the list. It is a way of living. It’s about continually fostering the ability to imagine, empathize and be amazed.

So, in the coming months, I hope we all get lost in some wonderful summer days, and I hope we also get a little lost in learning.

Jenny Emery Davidson
Hailey Campus Director
ACCOUNTING

ACCT 201 B01V – Introduction to Financial Accounting
This is an introduction to financial accounting. The class stresses the use of financial information in making investment and business decisions. The course covers the primary elements of financial statements, the fundamentals of accrual accounting, a study of internal control and cash safeguards, accounting for inventories and fixed assets, the presentation and use of the statement of cash flow, and the fundamentals of long-term liabilities. The course emphasizes the uses of accounting information rather than the preparation of financial statements. Prerequisite: MATH 108 or 123. Telecommunication class.

Instructor: Dennis Heiner, M.B.A.
Mondays and Wednesdays June 6-July 29
6:30-9:50 p.m. Room 516
4 credits $420

ENGLISH

ENGL 015 B01V – Basic English and Writing
This course is an introduction and review of basic skills and strategies needed for writing in college and the workplace, with emphasis on grammar and usage, sentence construction, and paragraph and essay development, preparing students for ENGL 090. Prerequisite: Placement test score and a departmental writing sample. Telecommunication class.

Instructor: John Hughes, M.S.
Mon., Tues., Wed., Thurs. June 6-July 29
7:30-9:20 a.m. Room 516
4 credits $420

ENGL 090 B01V – Developmental Composition
This course is a study and practice of the basic concepts of composition, including paragraph and essay construction. It introduces students to
the composition process: prewriting, writing and revising. The course also emphasizes grammar, sentence mechanics, editing, and critical thinking skills. Prerequisite: ENGL 015 or equivalent placement test score and a department writing sample. Telecommunication class.

Instructor: Kory Lloyd
Mon., Tues., Wed., Thurs. June 6-July 29
7:30-8:50 a.m. Room 515
3 credits $315

MATHMATICS

MATH 015 – Prealgebra
This course emphasizes prealgebra concepts and is designed to equip students with the skills necessary to be successful in Math 025, Beginning Algebra. A review of arithmetic operations with whole numbers, integers, and rational numbers integrating algebraic concepts such as vocabulary, simplifying variable expressions, solving linear equations, order of operations, exponents, radicals, ratios and percentages. Prerequisite: Placement test score. Telecommunication class.

Section B01V
Instructor: James Dawson, M.S.
Mondays, Wednesdays, Fridays June 6-July 29
12:00-1:50 p.m. Room 516
3 credits $315

Section B02V
Instructor: Kevin Jones
Mon., Tues., Wed., Thurs. May 16-June 24
9:30 a.m.-10:50 a.m. Room 515
3 credits $315

MATH 025 – Beginning Algebra
This course is designed to develop basic algebra skills. It covers positive and negative integers, exponents, fractions, first-degree equations and inequalities in one variable, polynomials, evaluation of algebraic expressions, factoring, rational expressions, radicals, an introduction to graphing in a quadrant system, and operations on sets. Students are not advised to go on to the next math course in the sequence if course grade or outcomes assessment indicates a below-average achievement. Prerequisite: MATH 009 or MATH 015 with ‘C’ grade or better, or placement test score. Telecommunication class.

Section B01V
Instructor: James Dawson, M.S.
Mondays, Wednesdays, Fridays June 6-July 29
2:00-3:50 p.m. Room 516
3 credits $315

Section B02V
Instructor: Theresa Pham, M.S.
Mon., Tues., Wed., Thurs. June 6-July 29
3:30-4:50 p.m. Room 515
3 credits $315

Section B03V
Instructor: Kevin Jones
9:30-10:50 a.m. Room 515
3 credits $315

MATH 144 B01V – Trigonometry
This course covers right triangle and circular function approaches to trigonometry, graphs of trig functions, trig identities, conditional equations, right and non-right triangle applications of trigonometry, inverse trig functions, trigonometry of complex numbers including DeMoivre’s Theorem, polar coordinates and equations, parametric equations. Students desiring both college algebra and trigonometry should take MATH 147. Credit hours are not granted in both MATH 144 and MATH 147. Prerequisite: MATH 143 with a grade of ‘C’ or better, CSI placement test score, or permission of instructor. Telecommunication class.

Instructor: Thomas Atkin, M.S.
Mon., Tues., Wed., Thurs. June 6-July 29
1:00-1:50 p.m. Room 515
2 credits $210

NURSING ASSISTANT

NURA S031 B01 – Heartsaver CPR and First Aid
Cardio Pulmonary Resuscitation and the Standard First Aid course are delivered. CPR methods for infants, children, and adults are included.

Instructor: Cheryl Patterson
Monday June 6
5:00-9:50 p.m. Room 404
0 credits $55
PSYCHOLOGY

PSYC 101 B03A – General Psychology
This survey course is an introduction to psychology. Psychology is the scientific study of thinking, emotion, and behavior. This course introduces students to the diverse research areas of psychology such as psychobiology, motivation, learning, cognitive and social processes, and abnormality, emphasizing empirical findings of the discipline. This class is a hybrid course, involving a weekly class meeting (via the telecommunication system) and online work.
Instructor: Shilo Smith, M.S.
Mondays May 16-June 24
11:00 a.m.-12:50 p.m. Room 515
3 credits $315

SOCIOLOGY

SOCY 101 B01V – Introduction to Sociology
This course presents the basic concepts, principles, and processes in sociology along with an introduction to material relating to culture, social interaction, institutions and social change.
Instructor: Matthew Reynolds, M.S.
Mon., Tues., Wed., Thurs. May 16-June 24
6:00-7:50 p.m. Room 515
3 credits $315

ANIMALS

Basic Dog Obedience Boot Camp
It’s a weekend seminar for you and your dog! Spend two focused sessions developing effective training techniques and forging a mutually-beneficial relationship between you and your dog. The class will cover basic commands: sit, down, attention, work, leave it, stay, and heel (on short and long leads). The instructor, Barb Williams, graduated from Animal Behavior College and trains hunting dogs, search and rescue dogs, and pets. Please, no dogs with fear or aggression issues. A buckle collar, six-foot leash, and tasty treats are required for this class, and dogs should have a current vaccination record.

Saturday and Sunday • June 18 and 19 • 10:00 a.m.-12:00 p.m. • Outside at the Community Campus Tuition: $80

Section code: XHOB 004 B02
Saturday and Sunday • July 16 and 17 • 10:00 a.m.-12:00 p.m. • Outside at the Community Campus Tuition: $80

ENRICHMENT

LEARNING NEVER ENDS! The CSI Blaine County Center offers a diversity of community education classes to promote intellectual inquiry and creative exploration for adults. The classes feature the talents of local experts, and they provide a forum for sharing ideas and developing new interests with other members of the community.

TO REGISTER FOR AN ENRICHMENT CLASS, visit the CSI office at the Community Campus in Hailey, or call 788-2033. Register early! The classes have enrollment limits.

To find online classes and classes at other locations, visit www.csi.edu. Click on the MyCSI icon.
**ART**

**Portrait Drawing and Painting**
The human face is a fascinating study. In this course, you will learn specialized techniques, materials, and processes for creating portraits through drawing and painting. Led by artist Mitsuru Brandon, the class will explore issues of form, space, light, texture, and composition as it applies to portraiture, and it will introduce the study of facial features, flesh tones, shading, and positioning. Each student will create a portrait of a family member, friend, or pet from a photo reference over the course of the four-week class. All artistic levels are welcome.

**Section code: XART 007 B01**
Tuesdays • June 7, 14, 21, 28 • 6:00-8:30 p.m. • Room 815 • Tuition: $99

**Tea, Zen-Ga, Haiku: An Introduction to Japanese Culture and Art**
Honor Japan and explore its rich art and cultural traditions in this four-week course, guided by artist Mitsuru Brandon, who grew up in Japan. She will provide cultural context and instruction in a range of artful forms, encouraging you to expand your artistic range along the way. You will learn calligraphy and elegant brushstrokes to write Japanese characters and haiku poems. You will practice flower arranging according to Japanese principles. You will learn Japanese conversational phrases. And, at the end of the class, you will enjoy a home-style tea ceremony while sharing each other’s projects.

**Section code: XART 005 B01**
Wednesdays • July 6, 13, 20, 27 • 6:00-8:30 pm • Room 815 • Tuition: $99

**COMPUTERS**

**Computers Made Friendly**
This is the place to start if you are new to computers. The class will provide friendly, hands-on, step-by-step instruction to help you become familiar with the basic parts of a computer and how to perform basic operations. You will learn how to open and close documents, make changes to documents, access the Internet, and personalize the desktop. You will leave the four-session class with more confidence to use computers. The instructor is Christy Krepss.

**Section code: XCMP 054 B01**
Mondays and Wednesdays • May 16, 18, 23, 25 • 6:00-8:00 p.m. • Room 409 • Tuition: $90

**COMPUTER BOOSTERS**

These focused one-night workshops are designed to boost your computer skills in a specific area. Choose the individual topic that meets your needs, or take all of the classes sequentially to grow your computer skills.

**Excel: Basic Spreadsheets**
Get a hands-on tour of basic spreadsheet tools and techniques in Microsoft Excel (2007 version). Instructor Christy Krepss will teach you how to open and format documents, discover ways to navigate and manipulate documents, and experiment with other fun features.

**Section code: XCMP 099 B01**
Wednesday • June 29 • 5:30-8:00 p.m. • Room 409 • Tuition: $30
Introduction to Social Networking
Get overviews of popular social networking programs, including Facebook, Twitter, and blogs, with instructor Christy Krepp. Learn what they are, how they work, and how you might use them to stay in touch with friends or broaden your professional network.

**Section code: XCMP 011 B01**
Wednesday • June 8 • 5:30-8:00 p.m. • Room 409 • Tuition: $30

Word 2: Tables, Templates, and More
Take your word processing skills to the next level and learn new features to help you work more efficiently and be more creative with Microsoft Word 2007. The workshop, led by instructor Teresa McGoffin, will explore some lesser-known features, such as tables, advanced layouts, graphics, columns, and templates.

**Section code: XCMP 014 B01**
Wednesday • July 13 • 5:30-8:00 p.m. • Room 409 • Tuition: $30

CURRENT EVENTS

Great Decisions
This lively discussion group is a perennial favorite for inquisitive minds in the Wood River Valley. The class materials are developed by the Foreign Policy Association, and they investigate a range of contemporary foreign and domestic policy issues, including the rebuilding of Haiti, the Horn of Africa, the response to the financial crisis, Germany’s growth, sanctions and nonproliferation, and global governance. The class also will examine current events in the Middle East. The class is moderated by Tony Mabbatt, who served diplomatic missions for the U.S. Foreign Service for 23 years, and each student will receive a briefing book which is included in the tuition fee.

**Section code: XMSC 088 B01**
Mondays and Thursdays • June 6-30 • 6:30-8:00 p.m. • St. Thomas Episcopal Church, Ketchum
Tuition: $80

FILM

Film Appreciation: The Cutting Edge
Discover a new appreciation of cinema as you learn about filmmaking trends from the latter part of the twentieth century to the present day. This three-session class will focus on three significant film movements: the new Hollywood film era in the 1960s and 1970s, which included the production of many classic movies such as *Bonnie and Clyde*; the French New Wave, which featured incredible innovations by directors such as Jean Luc Godard; and the documentary films of recent years that have achieved near cult status. Film aficionado Sabina Dana Plasse will lead the discussions, showing film clips in each class and suggesting full-length films to watch between the class meetings.

**Section code: XART 035 B01**
Tuesdays • May 10, 17, 24 • 6:00-7:30 p.m. • Room 510 • Tuition: $45

GENEALOGY

Introduction to Family History
Learn how to chart the branches of your family tree and develop your knowledge of your ancestry. This class will teach you how to do the detective work. The instructor, Donna Voyles, will teach you strategies for embarking on genealogical work, and she will introduce you to useful online resources.
Along with discovering names, dates, and people from the past, you are likely to discover new aspects of yourself.

**Section code: XMSC 026 B01**
Thursdays • May 19, 26, June 2 • 6:00-7:30 p.m. • Room 509 • Tuition: $45

**LITERATURE**

Ernest Hemingway: The Idaho Years
Ernest Hemingway stands as a literary giant in American letters and in the modernist period of the early twentieth century. He also was a lover of the Wood River Valley. He fished, hunted, and wrote here, and July 2, 2011, marks the 50th anniversary of his death at his home in Ketchum. This special one-night seminar, which will be held on Hemingway’s 112th birthday (we’ll have birthday cake and punch!), will feature a lecture on Hemingway’s Idaho years by Marty Peterson, a preeminent Hemingway scholar and Special Assistant to the President of the University of Idaho. Peterson’s extensive Hemingway work includes assisting the John F. Kennedy Library in the Hemingway centennial commemoration, serving as a consultant for several Hemingway documentaries, and aiding in the preservation of Hemingway’s homes in both Idaho and Cuba. The lecture (5:30-6:30 p.m.) will be followed by an intimate tour of Hemingway’s house along the Big Wood River (7:00-8:00 p.m.), and then a brief visit to Hemingway’s grave at the Ketchum cemetery (8:00-8:30 p.m.). This is a unique educational opportunity to deepen your understanding of Hemingway and his relationship to Idaho. Space is limited. A van pool will be coordinated for the house tour and cemetery visit portions of the seminar.

**Section code: XMSC 060 B01**
Thursday • July 21 • 5:30-8:30 p.m. • Room 510 • Tuition: $15

**NATURE**

Birds and Boats: A Day of Birdwatching
Bird diversity and activity peak around mid-June in the Wood River Valley. Guided by expert birder and science teacher Larry Barnes, you’ll visit different habitats in the Wood River Valley by starting in Hailey and then traveling south to Silver Creek Preserve. The class will begin early to catch exciting morning bird behavior and culminate in a lovely two-hour canoe trip through The Nature Conservancy’s Silver Creek Preserve. Bring your binoculars, wear your walking shoes, and pack a lunch. A $5 donation to The Nature Conservancy is requested at the time of the canoe trip.

**Section code: XHOB 011 B01**
Saturday • June 25 • 6:30 a.m.-3:30 p.m. • Meet at Community Campus • Tuition: $50

A Naturalist Tour of Craters of the Moon
President Calvin Coolidge described it as “a weird and scenic landscape peculiar to itself.” Lava flows, caves, and cinder cones shape Craters of the Moon National Monument in fascinating ways, and surprising flowers and animals populate it. Spend a day exploring this intriguing landscape—just 45 minutes from Hailey—guided by naturalist T.R. Bowlin. He’ll present a unique look at the geology and general natural history of the area. Be prepared to walk approximately four miles over the course of the day, and bring water, lunch, a flashlight for caving, and general outdoor gear for the weather. The group will carpool from the Community Campus. (The beginning and ending times indicate departure and return times in Hailey.)

**Section code: XTRP 005 B01**
Saturday • June 11 • 7:30 a.m.-4:30 p.m. • Craters of the Moon • Tuition: $50
PHOTOGRAPHY

Introduction to Digital Photography
This three-night seminar will introduce you to the basics of digital photography. Photographer Craig Wolfrom will help get you out of auto mode and help you start using your camera’s aperture and shutter to take more creative pictures. You will learn compositional techniques and get tips on how to use software to edit and organize your photographs. Bring your digital camera to class, and be sure to familiarize yourself with it and review its instruction manual before the class. Note: This class is better suited for those who use SLR (single lens reflex) cameras than point-and-shoot versions.

Section Code: XART 003 B01
Tuesday, Wednesday, Thursday • May 24, 25, 26 • 7:00-9:00 p.m. • Room 511 • Tuition: $65

The Fifth Annual SUN VALLEY SUMMER SPANISH INSTITUTE

June 13-17, 2011 • 9:00 a.m. to 4:30 p.m. each day
Community Campus, Hailey

The College of Southern Idaho’s Sun Valley Summer Spanish Institute provides a unique opportunity for adult students to develop their Spanish language skills and to broaden their knowledge of Spanish-speaking cultures using the immersion techniques found in Spanish language schools abroad. Five different levels of academic classes each morning focus on speaking, listening, reading, and writing skills. A diversity of afternoon workshops – including art history, literature, cooking, and more – provide more language practice through culture.

Tuition: $350

¡FANDANGO! Community Concert in collaboration with the Sun Valley Center for the Arts featuring GRUPO FANTASMA

This Austin-based Latin funk orchestra won the 2011 Grammy for “Best Latin Rock, Alternative, or Urban Album.” Spanish Institute students get a free ticket to the concert, which is open to the public and kicks off the summer concert season in the Wood River Valley!

Thursday, June 16 • Hop Porter Park, Hailey

Go online to www.csi.edu/blaine to find:
• a description of the academic language class levels • a description of the afternoon cultural workshops • a detailed schedule of the week • the registration form

Call the CSI office for more information or to register: 788-2033.
Ernest Hemingway, one of the most distinctive voices in twentieth century literature, made a home in the Wood River Valley. He fished the Big Wood River, hunted the uplands around Silver Creek, and wrote *For Whom the Bell Tolls* in the Sun Valley Lodge.

This summer marks the 50th anniversary of Hemingway’s death at his Ketchum home. You can honor his legacy this summer by taking a class:

**Learn about Hemingway’s legacy . . .**

by taking a literature seminar.

Learn about Hemingway’s Idaho years, tour his home on the Big Wood River, and visit his gravesite in the Ketchum cemetery, guided by a Hemingway scholar.

“Remembering Hemingway”

July 21

(see page 7 for more details)

---

**Emulate Hemingway’s affinity for Spain and Cuba . . .**

by participating in a Spanish immersion program.

Become more fluent in the Spanish language and learn about the cultures that fascinated Hemingway (he loved Spain and Cuba) in this week-long immersion program.

“The Sun Valley Summer Spanish Institute”

June 13-17

(see page 8 for more details)

---

**Tour the landscape where Hemingway hunted and fished . . .**

by participating in a birding excursion along Silver Creek.

Explore the high desert watershed of Silver Creek, identifying birds and canoeing through the creek’s smooth waters.

“Birds and Boats: A Day of Birdwatching”

June 25

(see page 7 for more details)
EXCURSIONS
FROM OTHER CSI CAMPUSES

The College of Southern Idaho spans an eight-county area in the southern region of the state. This summer, great excursions begin at each of CSI’s campus locations. Expand your southern Idaho horizons and participate in a summer excursion that originates from one of these campus sites!

ARTISAN TOURS:
Local Craftsmen and Artists

From artisanal cheese to handcrafted jewelry, innovative creative work is happening around southern Idaho. For this class from CSI’s main campus in Twin Falls, you’ll join a small group for an intimate tour of the workshops of some of the valley’s most talented artisans and craftsmen. Peruse galleries, watch demonstrations, and maybe even try your hand at creating some art of your own. The tuition includes demonstrations, transportation and a delicious boxed lunch from a restaurant featuring local foods.

For more information and to register, go online to www.csi.edu/communityed or call (208) 732-6442.

Section Code: XMSC 100 C01
Saturday • June 25 • 9:30 a.m.-3:30 p.m. • Van leaves from Twin Falls • Tuition: $85

STORIES IN STONE:
Petroglyphs of Southern Idaho

Take a walk back in time and discover the scientific and spiritual importance of Idaho’s petroglyphs. In this class from CSI’s North Side Campus, you will get a unique opportunity to view petroglyph sites tucked in the recesses of the high desert. A free lecture on Wednesday, June 1, will feature prominent archeologists from the College of Southern Idaho, as well as representatives from the Shoshone-Paiute Tribal Council, BLM, US Forest Service, and Idaho Fish & Game. You’ll learn about the history and significance of petroglyphs, as well as how to protect and preserve them. Following the lecture will be a Saturday field trip to special petroglyph sites. (Each field trip can accommodate only a limited number of participants because of the sensitive nature of the petroglyph sites, so reserve your spot early for your choice of field trip date.) You should be prepared to hike about three miles for the field trip.

For more information and to register, go online to www.csi.edu/northside or call (208) 934-8678.

LECTURE (There is no fee, but please call ahead to sign-up.)
Wednesday • June 1 • 6:30-9:00 p.m. • CSI North Side Center, Gooding

FIELD TRIP (register for one of the two Saturdays)

Option 1: Section code: XTRP 006 N01
Saturday • June 11 • 8:00 a.m.-6:00 p.m. • Tuition: $49

Option 2: Section code: XTRP 006 N02
Saturday • June 18 • 8:00 a.m.-6:00 p.m. • Tuition: $49
COLLEGE FOR KIDS

In the summer months, the CSI Blaine County Center expands its programs to include camps and workshops for schoolchildren. Kids can experience the excitement and fun of learning from experienced teachers in small class settings.

TO REGISTER FOR A COLLEGE FOR KIDS CLASS, visit the CSI office at the Community Campus in Hailey, or call 788-2033.

Ants and Plants
2nd-6th graders
Get ready to get dirty in the search for fascinating bugs and plants! Kids will embark on a series of field trips to explore various natural communities and the creatures that inhabit them. As they visit rivers, forests, ponds, meadows, and sagebrush areas throughout the Wood River Valley, they will learn about botany, geology, ecology, and more from beloved local naturalist Ann Christensen. Each child should bring a sack lunch and appropriate outdoor gear each day.
Section code: YSCI 007 B01
Monday-Thursday • July 11-14 • 11:00 a.m.-2:00 p.m. • Meet at Hemingway Elementary Tuition: $70

The Hungry Scientist
3rd-5th graders
Grab your lab coats, kitchen aprons, and curiosity for this fun-filled class that combines science and cooking! Budding young scientists will learn basic scientific principles and experiment with the seemingly magical properties of color-changing food and fizzing drinks. The class is led by certified biology and chemistry teacher Melanie Schrader, who has taught at The Discovery Center of Idaho.
Section code: YSCI 005 B01
Tuesday, Wednesday, Thursday • June 21, 22, 23 • 9:00 a.m.-12:00 p.m. • Room 404 Tuition: $90

CSI ExCELLent Adventure Science Camp
1st-6th graders
This year, the one-day CSI Science Camp focuses on the basic unit of life – the amazing cell. Kids will get to use microscopes and other exciting science tools to examine the wonderful world within the cell. They will compare different kinds of cells and learn their basic components in a hands-on, interactive biology lab setting. It will be an exCELLent adventure!
Section code: YSCI 012 B01
Thursday • August 4 • 2:00-5:00 p.m. • Room 404 • Tuition: $25
Advanced Literacy

If you are an adult student learning English as a Second Language, and if you have basic conversational English skills now, this class will help you develop more sophisticated speaking and listening skills. The class also will provide practice in reading and writing; you will read and discuss *The Circuit / Cajas de Carton* by Francisco Jimenez.

In addition, you will practice using computers to find useful resources online and to contact family and friends. The instructor is Janet Ross-Heiner, M.A.

The class is designed to help you improve your English for professional settings and college-level coursework.

Section code: XLNG 099 B01

Mondays • June 6, 13, 20, 27 • 6:30-8:00 p.m. • Room 512 • Tuition: $60

G.E.D. is an adult education program which enables students to achieve the equivalent of a high school diploma. A self-study book and online classes are available in addition to specific instruction times.

For more information, contact Janice Reutlinger at HaileyABE@csi.edu or 788-2033, or contact Julie Jones at 1-800-680-0274 x6534.
HOW TO REGISTER FOR CLASSES

ACADEMIC PROGRAMS

To register for an academic class as a new or returning student, visit the CSI website at www.csi.edu. You can complete an application for admission and a course registration form online, or you can visit the CSI office at the Hailey campus.

ENRICHMENT PROGRAMS

To register for an enrichment class, visit the CSI office at the Community Campus in Hailey, or call 788-2033 to register over the phone.

IF YOU'RE THINKING ABOUT STARTING SCHOOL THIS AUGUST... 

1. Go to www.csi.edu and submit the application for admission online. You will receive your CSI identification number within 48 hours by e-mail.
2. Call the Blaine County office, 788-2033, and make an appointment to take the college placement test (COMPASS) and to meet with an academic advisor.
3. Register for classes online through MyCSI and fill out your certificate of residency form. Print out and bring your completed residency form to our office.
4. Apply for financial aid and scholarships. Apply for federal financial by July 25 at www.fafsa.edu/gov. Apply for a Blaine County scholarship by picking up an application form at our office.

Visit the CSI Blaine County Campus!
We’ll help you get started, and we’ll help you keep going!

The application deadline for Blaine County scholarships for the FALL 2011 semester is MAY 6.
Get the application at our office or online at www.csi.edu/blaine.

Mission Statement:
The College of Southern Idaho, a comprehensive community college, provides educational, social, cultural, economic, and workforce development opportunities that meet the diverse needs of the communities it serves. In this rapidly changing world, CSI prepares students to lead enriched, productive, and responsible lives in a global society.
